Arbitration Ordered As Final In Settling Tract Problem Dispute

MARY W. RICHMOND of 844 San Simeon Road in Arcadia accepts posthumous award in the name of her late husband, Albert W. Richmond, founder and director of Monarch Savings and Loan Association. Mrs. Richmond is a popular member of numerous Arcadia civic, cultural and social organizations.

To Open Branch June 26

Richmonds Honored At Monarch Savings Office

"The Richmonds of Arcadia," popular and beloved husband and wife team, better known in local circles as Al and Mary, were recently rewarded for many years of service, devotion and courage by the directors of Monarch Savings and Loan Association at an impressive ceremony at the association's home offices in Los Angeles.

Mary gratefully accepted an illuminated testimonial scroll, posthumously, in behalf of her late husband who was the founder and a director of Monarch. At her home, 844 San Simeon Road in Arcadia, Mary declared: "Al's vision, know-how and understanding of this community's long range development and economic requirements is reflected as a major contribution to the community in which we have lived and worked for many years."

Monarch Savings will open a new branch office here at West Huntington Drive and Sunset Boulevard on June 26. The event will be celebrated by a gala Grand Opening and "Open House" which will continue through July.

Mrs. Richmond, prominent in numerous civic, cultural and social circles here has been named co-chairman of the association's stockholder advisory committee.

Taxpayer To Assert Legal Rights in $1 Billion Budget

An unprecedented combination of aroused taxpayers will assert their legal right to express themselves on Los Angeles County's first billion dollar budget at the annual budget hearings this week.

The hearings open at 2 p.m Thursday and will continue at 9:30 a.m. Friday, June 11, and 9:30 a.m. Monday, June 14. Hearings will continue all day Friday and Monday if necessary.

Taxaction, Inc., a county-wide property owners association chartered to fight high taxes, is spearheading the protest, which participating groups have dubbed a "taxabuster."

EXCELLENCE IN writing on health topics in "La Tilma," student newspaper of Alverno Heights Academy, Sierra Madre, has been honored by the Tuberculosis and Health Association of Los Angeles County. As (left to right) Sister M. Catherine, O.S.F., journalism advisor at Alverno Heights, looks on proudly, student editor Jo Anne Carroll receives an honorable mention plaque from Dr. Elliot A. Rouff of the TB and Health Association. The plaque was awarded for the "La Tilma" entry in the annual Christmas Seal School Press Project, designed to encourage an interest among student journalists in medicine and health. A past president of the Los Angeles Christmas Seal association, Dr. Rouff also was a judge in the School Press Project. Jo Anne, the daughter of Mr. and Mrs. Vincent J. Carroll, 1370 Riviera Dr., Pasadena, plans to enter Mt. St. Mary's College in September to study languages and journalism.

Council Allocates $1000 To Arbitrate; Subdividers To Pay All Repair Costs

Tract No. 27459 In Last Stages of Leaving Agenda

What started out to be a "sword point" discussion relative to the Sierra Madre Estates, ended in what could be termed peaceful understanding on the part of the subdividers of the Tract and the City of Sierra Madre.

G. Norman Kennedy, attorney, representing the subdividers, Frank Arciero, Dr. James M. Reames and Henry Nuetzel, teed off on the Council, asking for immediate solution to the problems facing the subdividers, in that they could complete their work, sell the real estate and retire from the area.

Naming the problems that the subdividers faced as far as the City was concerned, Attorney Kennedy flatly stated that they had "gone the last mile" and demanded action.

Lawrence Bevington, City Administrator and City Engineer was ready with a report from a soils engineering firm of H. C. Nikola and Associates, but as quickly pointed out by Attorney Kennedy this report was not in agreement with soils engineers from Western Laboratories, representing the subdividers.

Councilman Parks then asked for time, and stated that he and the entire Council as well as the citizens of the community were a little weary of this Trasct holding the spotlight of the community for the past couple of years, and made a motion that the entire situation be put to an arbitration board for solution.

The American Arbitration Association was discussed, but when found that their services could run as high as $600 per day, and that they were as much as 6 months behind on their agenda, Councilman Parks then amended his motions as follows:

That the City's retained soils engineering firm, Nikola, and the soils engineering firm of the subdivider, Western Laboratories would act as a board of arbitration, should they not be able to come into agreement that a third firm be called in and the two to one decision of these three firms would be the decision agreed to by the subdividers and the City.

Attorney Kennedy then asked for a 15 minute recess on the subject, that he might discuss this with his clients, and Mayor Abernethy so ordered.

Upon returning to the chambers, Attorney Kennedy offered the following counter proposal: that the two engineering firms as above stated be used, and that within 24 hours a third soils engineering firm be named by these two firms to constitute the board of three. If within this time they could not select a third member, that he as the subdivider's attorney, and Mr. Charles Martin as the City Attorney would within 24 hours select the third firm, if they were unable to come to agreement, that Judge Nobel, judicial judge of the area would then pick the third member, and that within a period of not more

Fire Boys Receive New Dept. Badges

All members of the Sierra Madre Volunteer Fire Department from the Fire Chief to the newest fireman are sporting new badges and cap pieces. These badges were purchased by the city.

This is the first badge change in over 40 years. Up until now all members had to purchase their own badge and cap piece.

The new badges and cap pieces are of conventional design except the center of each bears a reproduction of the city seal.

The badges and cap pieces denote the various ranks from chief to firemen.

One Year Excise Tax Payment

Sierra Madre Telephone Users Pay $125,000 Tax

California Water & Telephone Company subscribers in the Sierra Madre Exchange can save in excess of $125,000 on their total telephone bills during the 12 months of 1966, according to Henry Schuil, the firm's division manager.

This saving, starting on January 1, 1966, anticipates favorable congressional action in line with President Johnson's recommendation to reduce the 10 percent telephone service excise taxes by 70 per cent. The savings indicated, Schuil said, are based upon the taxes paid by Sierra Madre subscribers for the 12-month period ending April 30, 1965 when they and the balance of the California Water & Telephone customers in the Monrovia Division operation paid a total of $673,265 in telephone service excise taxes.

"The company and its employees in this area are very happy," Schuil said, "to witness the results of our concentrated efforts in alerting the general public to the fact that the discriminating telephone service excise tax adopted more than 22 years ago as a 'temporary luxury tax' will not become a permanent tax in the coming Federal budget." The manager stated, "The cooperation of the news media, and especially the Sierra Madre News, in publishing the facts about this particular excise tax, resulted in an overwhelming response in which our subscribers indicated to their Congressional Representatives that prompt action was necessary.

"We were extremely gratified with the action taken by those members of Congress, particularly from the districts in which our Company provides telephone service," Schuil said, "and in this area, especially to both Congressmen Lipscomb and Cameron who demonstrated sincere, non-partisan attitudes in their support for, and recognition of, long overdue legislation by their introduction and sponsor-

Fiesta Set For June 27

Final plans for the 18th annual Family Fiesta at Mater Dolorosa retreat house located at 700 N. Sunnyside, Sierra Madre, were announced by Father Faustinus Moran, C.P., director. Beginning at noon, Sunday, June 27, it will continue until 7 p.m.

"The Fiestas first started in 1947 as a day of recreation and entertainment for members of the Layman's Retreat League, their families and friends. Now open to the general public, an attendance of 25,000 is anticipated for this year's event," said Father Faustinus.

"We've organized the Fiesta as a family affair and will feature a ranch-style barbecued beef dinner, a midway fun area with games of skill, carnival rides

Kiwanis Golden Breakfast This Saturday, June 12

The Kiwanis Community Golden Breakfast is all set to roll this Saturday at the city's Memorial Park. From 7 a.m. to noon, the men of the local Kiwanis Club will serve Golden Pancakes, topped with Golden Butter and Golden Syrup, and washed down with Golden Orange Juice, and gallons of Golden Coffee. All this for just $1. (50c for kids under 12). Proceeds of the breakfast will go to help provide picnic tables and barbecue braziers for the whole community at Heasley Park.

Ricky Bischoff and his accordion band will provide music to eat by. The Search and Rescue squad will have their equipment, their famous bloodhounds, and their newly refurbished rescue truck on hand. There will be golden balloons for the kids, and golden certificates for every paying guest. These certificates are redeemable for substantial discounts at local stores, with a special prize, matching the number on the certificate, at each store.

Proceeds of the breakfast can be donated to our park improvement project because of the generosity of the Pillsbury Milling Corporation, Cary's Syrup Co., Knudsen Dairy, Manning's Coffee, the Glorietta Corporation, Consolidated Dairy, and C & H Sugar Co. Roberts Market has arranged for these commodities.

The men of Kiwanis invite you to come this Saturday morning, June 12th, meet your neighbors, enjoy a good breakfast, participate in the dividends, and help a worthwhile community project.

Mt. Wilson Trail Story To Be Told On Television

by BILL WARK

Action reigned along the Old Mt. Wilson Trail Sunday morning when Malinda Cotten and Cameraman Jack Leppert of the Ralph Story's Los Angeles program came to film the famous old trail for its first television appearance in its long and colorful history.

The Mt. Wilson Trail story will be aired next Tuesday night, 7:30 p.m. on KNXT Channel 2, and will be repeated the following Saturday at 5:30 p.m.

As long time residents view the early pictures, kindly furnished by Paul Carter perhaps they will recall Sierra Madre in its happiest days. Memories of the days when the Big Red Pacific Electric Cars ground to a stop bringing hundreds of hikers to our beautiful trails. The days when Orchard Camp flourished and the unearthly trumpeting of the pack burro in the early dawn brought to the mountain folks an air of expectancy which the clear washed mountain air brings.

The passing of the burro from the Sierra Madre scene stirs inside much the same feeling of loss that accompanied the removal of the ferry boats from San Francisco Bay. But televising the historic old trail wasn't exactly easy.

First there was need of a hiking group at 8 a.m. Sunday morning when most folks like to sleep in and the only ones I could recruit were the Lever Pack Rats who broke their previous dates and showed up in force. They hadn't intended to hike all the way to the top but Malinda Cotten with her sweet personality and Camerman Jack Leppert full of good humor and jokes as he scrambled up and down the cliffsides to get better views kept the group going. They wanted their show to be authentic. Much credit should be given to U.S. Forest Service patrolman Monty Parrot who aided the group all along the way.

Near the end of the trail the Pack Rats were worrying more about Jack Leppert making it as they were themselves as he threatened to spank his partner Malinda "if he could only catch her." He thought perhaps they could have filmed the trail from the top down, it would have been much easier.

Upon reaching the 5710 ft. peak the entire weary group were treated, on the house at the Old Mt. Wilson Hotel by KNXT and transported back to their cars at the foot of the trail. Even though it was the toughest hike ever made by the Lever Pack Rats they all agreed that it was a lot of fun. And the Old Mt. Wilson Trail once again popular with hikers of all ages, is slowly but surely regaining a "shadow of its former greatness."

Building Up 1 Million Over 1964

A comparison of the value of building permits issued by the City of Sierra Madre for the first five months of this year compared to 1964 show a gain of almost $1 million.

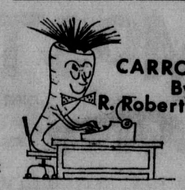
The figures show $1,541,226 for the first five months of 1965 and $550,025 for the like period of 1964.

The total number of building permits issued for the month of May, 1965 show 29 permits, with valuation of $113,525. Number of dwelling units, 2 singles, total valuation $50,500.

Street, electrical and plumbing permits, 65, fees collected $515. Plan check and permit fees collected $629.

Business license fees collected $974. Dog licenses issued, 13, fees $47. Bike licenses, 16, fees $16.

Also admiring the generator which will be used to operate a portable spotlight, are two of the club members who helped to make the gift possible, Mrs. Richard Koehler (center), first vice president of the Civic Club, and Mrs. Keith Mankin, second vice president and ways and means chairman of the club.



The envy of every businessman in Sierra Madre was the announcement recently of the Sierra Madre Coffee Shop; aka Lodge and most recently aka Angel's Lodge, that from this date on the opening hours would be 11:30 a.m. to 3 p.m., five days a week . . . 3½ hours.

Here's a new law that that will shake you up a bit . . . we understand that it will be illegal to state in a help-wanted advertisement after July 1, 1965, whether you seek a man or woman worker. On that date a Federal law takes effect which makes it illegal to discriminate between the sexes.

—CT—

This, of course, could have a tendency to change my profession . . . depends on how many women's reducing salons advertise for help . . . and, of course, bar maids have always interested me . . . but . . .

It's hard to keep from discriminating against something or somebody in filling a job nowadays. Here's our definition of a "Useful Citizen" . . . the person who takes a meaningful part in the decision-making processes of his local government, is one who understands the principles of the free market economy . . . who recognizes that his individual freedoms and fortunes are tied to informed and effective political and legislative action . . . and one who does something about putting his understanding and recognition to use . . . and we do have a few of these around, and they are not hard to spot.

Recently in Washington a lobbyist opposing Federal aid to Education approached a legislator who was constantly boasting of his "self-education." "Do you realize," asked the portly lobbyist gravely, "that up at the college, men and women students have to use the same curriculum?"

—CT—

The legislator looked startled. "And the boys and girls often matriculate together?" "No!" The lobbyist came closer and whispered, "And a young lady student can be forced at any time to show a male professor her thesis." The legislator shrank back in horror. La Salle High School Elects Its New Officers For '65-66

Daniel Buccola '66 was elected Student Body president at La Salle High School for the 1965-66 school year it was announced recently. The popular Buccola won a close election from John Keese '66. Buccola succeeds Donald Randolph as president and chief student executive at La Salle.

Currently serving as the Junior Class president, Buccola served previously as Student Body secretary when he was a sophomore. He has been involved in student government and student activities since his freshman year. Besides serving as president of his class during the past year, he held the position of news editor on the school newspaper, The Lance.

Elected vice president for the next year was Robert Robertson '67 of Sierra Madre. He was chosen after a long campaign against Glenn Willumson '67 and Alan Sielen '67. Robertson succeeds John Keese in the office.

The office of Student Body treasurer was won by James Togneri '66. Opposing Togneri were Rollin Nott '66 and Patrick Hegarty '66. The announcement of Togneri's victory was read to the student body by outgoing treasurer John Higgins '65.

Finally, Dennis Callagy '68 was a close winner in the race for Student Body secretary in a race against Paul Wood '68 and Gary Pohlson '68. Callagy follows Ralph Riccobono '67, of Sierra Madre as the secretary.

Brother S. Martin, FSC, principal of La Salle High School, expressed the hope that the continued striving for fine student government wiuld be evident in the new officers. His remarks were made as he presented the new executives to the assembled student body.

This is the week of the Kiwanian Breakfast, Saturday, June 12, from 7 a.m. until 12 noon. We have it from good authority that those who attend the breakfast will not only receive a very good meal, but will be given other benefits that could amount to many times the amount expended. Tickets for breakfast are $1 for adults and 50 cents for the small fry. I know of a good many places in town that will give you as high as $10.00 discount for attending the Kiwanis Breakfast. Pretty good trade, don't you think? . . . A good breakfast and $10.00 discount all for a buck.

Due to the extremely high cost of pick-up of excess debris, each citizen is asked to accumulate his "throw-away" materials and fill his weekly barrels to capacity until all materials have been hauled away.

If you have large articles such as water heaters, divans, chairs, sinks, logs, tree branches or yard debris, it is suggested that you accumulate these articles in one location and call your rubbish collector at their number and for a nominal cost they will schedule a pick-up and haul away all excess materials.

Casa Colina's Annual Picnic Set For June 16

Casa Colina's annual picnic given by the staff for all patients in the rehabilitation center is scheduled for June 16. The theme for the event will be Hobo Day and each patient and staff member will wear appropriate costumes.

Special games designed for each particular handicap are the project of the occupational therapy department. Relay races are the highlight when a staff person pushes the wheel chair of each patient. Prizes are awarded, a picnic lunch is served and entertainment is provided.

The event is part of the recreational therapy program provided for crippled children and adults who are at the center.

Receives B.A.

John Elwood Moseley, son of Mr. and Mrs. M. E. Moseley, 91 E. Orange Grove, Sierra Madre, received the Bachelor of Arts degree Sunday, June 6, during the 103rd annual commencement at Chapman College, Orange, where he majored in economics and business administration.

Lucky Winner

Mrs. Evelyn Roum of 422 Ramona had a delightful surprise this week when she found out she had won a Gibson refrigerator in their national contest. Taking a coupon that she had clipped from a magazine, Mrs. Roum compared the numbers with those on the master board at Brown's Furniture at 303 W. Sierra Madre Blvd. and discovered that she was one of the lucky winners, in fact the first one in Los Angeles County.

"MEMOS" FROM YOUR Stylist

by LOLITA

Women with straight, lank hair are prone to look with green-eyed jealousy at those of the other extreme . . . too curly hair.

This type hair snarls and tangles easily and, if not constantly controlled, often tends to look frouzy. Special shaping and protection from the elements is also to be watched carefully.

Long, loose hair styles are a poor bet with too-curly hair, but pert, head-snugging styles have a world of charm.

The perfect cut and shaping of too-curly hair is our specialty. In fact, whatever your hair problem may be, our operators and stylists have a beautiful solution at BETITE BEAUTY SALON, 185 W. Sierra Madre Blvd., phone EL. 5-8041 . . . German imported wigs . . . style fashion and clean all wigs . . . air conditioned shop for the rear . . . open 6 days, evenings by appointment.

THIS WEEK'S HELPFUL HINT: A little vinegar added to the final rinse water does away with the last trace of perspiration when washing heavy woolen skirts.

Delta Zeta To Meet Thurs., June 10

Two retired Whittier teachers who value new experiences more than security will describe their two years as Peace Corps Volunteers in Ethiopia to Pasadena Foothill Alumnae of Delta Zeta at a 6:30 p.m. dinner meeting, Thursday, June 10, at the home of Mrs. Glenn Morton, 1492 Loma Alta, Altadena.

Beulah Bartlett and Blythe Munroe — they call themselves the "B's" — trained young Africans to teach school in a country 9 degrees from the equator. They found the backwardness of the area depressing but were thrilled by the eagerness of the citizens to learn. Ethiopian Emperor Haile Selassie visited them in their classrooms to express his appreciation.

According to Mrs. Raymond C. Plyley, president, alumnae members are looking forward to a visit with these two charming, energetic women who present a humorous and thoughtful review of their experiences and slides in order to acquaint fellow Americans with the country and people they tried to serve and to help understand us.

Mrs. Charles W. Weis, dinner chairman, is accepting reservations at 446-3710. Her committee includes Mrs. Clyde M. Liephart, Mrs. Harold Hurley, Mrs. Paul F. Johnson, Mrs. Rogert Truesdail and Mrs. Jay P. Phillips, Jr.

Little Gallery Opens New Exhibit of 16

The Little Gallery, located in the Sierra Madre City Hall, announces the opening of a new exhibit of paintings by local artists.

The following exhibitors are represented:

Elinor Baumeister, White Camellias; Ray Du Shane, Ever Valley, Ranch Buildings; Johanna Horne, Pink Iris; Lydia Maricq, Matilija Poppies, Acacia Blossoms; Bea McIvor, Navajo Mother and Child; Hazel Morley, Mountain Valley, Dancing Girls.

Also, Madeleine Pichard, Owens Valley, Palm Desert; Marguerite Randolph, Sun Flowers; Cornelia Reimer, Big Tujunga Wash; Catherine Tuttle, Desert Landscape; Grace Webber, Pacific; and Myrtle Weese, Magnolias.

Crib Crop

Litle Miss Monika Lynn Duke is the very welcome newcomer at the home of Mr. and Mrs. Dennis R. Duke of 169 Santa Anita Court, Sierra Madre. Weighing a dainty 6 pounds 1½ ounces, Monika was born at 4:12 p.m. on May 10 at Huntington Memorial Hospital.

The happy grandparents are Mr. and Mrs. Helmuth Hantke of South Pasadena, and Mr. and Mrs. George Duke of Riverside.

Very thrilled to have a new baby sister at their house are 7 year old Franklin and 4 year old Christopher White. Their parents, Mr. and Mrs. Dale White of 426 Manzanita Ave., Sierra Madre proudly announced the arrival of their daughter on May 25. Little Stephanie weighed 8 pounds 5 ounces when she made her first appearance at Methodist Hospital in Arcadia.

Stephanie's pleased grandmothers are Mrs. Marvel Maughan of Sierra Madre, and Mrs. Rhea P. White of Casper, Wyoming, also her great grandmother, Mrs. Maggie Porter of Lovell, Wyoming.

Mr. and Mrs. Robert Nathan of 1125 Rexford Ave., Pasadena, very proudly announced the birth of a son on May 28 at Huntington Memorial Hospital. Master Andrew Robert weighed 8½ pounds when he arrived.

Andrew's older sister is Sheila, 14, and his happy grandparents are Mr. and Mrs. Robert Nathan of San Francisco, and Mrs. Helen Levine of Southern California.

Civic Club To Install Officers June 10

The newly elected officers for the year 1965-66 to lead the Sierra Madre Civic Club will be installed at a dinner meeting, Thursday, June 10, at an Arcadia restaurant.

Installing officer will be Mrs. William T. Bell, coordinator of junior and senior women's clubs for the Verdugo District, California Federation of Women's Clubs, of which Civic Club is a member. Installed will be:

President, Mrs. Richard (Mary) Jones; first vice president, program chairman, Mrs. John (Pat) Starkey; second vice president, ways and means, Mrs. Richard J. (Pat) Armstrong; recording secretary, Mrs. Keith (Charline) Mankin; corresponding secretary, Mrs. Douglas H. (Lois) Watts; treasurer, Mrs. Gary K. (Diane) Rhodus; membership, Mrs. Willard Mescher.

An entertaining program has been arranged by outgoing program chairman, Mrs. Richard Kohler. Mrs. Eileen Wood, S&H Green Stamp representative for women's clubs will present a program, "History in Hats Program" which will be very entertaining, under direction of Mrs. Willard Mescher.

The new president wishes to invite all members and all interested ladies to attend a meeting in the Park House, Thursday, June 24.

Outgoing president, Mrs. James R. Vine, will continue her work with the CFWC, serving her second term as district chairman of children and youth.

Honeymoon

Mr. and Mrs. Karl Hilget are spending their honeymoon at the luxurious Tan-Tar-A resort on the Lake of the Ozarks. Reverend Hilgert and Mrs. Hilgert, the former Judy Summers, were married on May 29, 1965 at the Fellowship Center in St. Louis, where they will make their home. The Revend and Mrs. Hilgert are Settlement House workers in St. Louis.

Bethany Church News

The Music Department at Bethany Church, 93 N. Baldwin, Sierra Madre, will be recognized this Sunday, June 13, during the 11 a.m. worship hour. All four choirs will participate in the worship service with Music Director Margaret Schaper conducting the Chancel and Chapel Choirs and Betty Bush directing the Coronation and Crusader Choirs. The Chancel Choir will sing "Songs of Immortal Praise" by Kirk. All four choirs will combine to sing "Praise to the Lord," arranged by Faber, under the direction of Mrs. Schaper. Accompanists participating include organist, Mr. Bruce Gaston, and pianists, Mary Schaper and Betty Blosser. Pastor of the church, Dr. Robert N. Schaper, will present a short message following the musical portion of the worship hour. At the 7 o'slock service Dr. Schaper will preach on "The Problem of Presumption." Special music also will be a part of this service.

The Men's Fellowship of the church, under the direction of Mr. Clair Hebing of Arcadia, are attending as a group a Dodger-Giant baseball game on Tuesday, June 15. Sixty men and their guests are signed up for the game.

Bethany Church, an interdenominational, independent church, has ministered to the community of Sierra Madre for over 40 years. It stands ready to serve any age with a completely graded Sunday School of over 850 students. Mr. John Kershaw, superintendent, extends to each a cordial invitation to participate in this outstanding Bible study experience.

Dr. Barnhart To Answer Many Questions

"What is your dominant attitude toward life? Why do you have it? What is your concept of God upon which that attitude is based? The honest answer to these questions will clarify the reason for many of your experiences," exclaims Dr. Ethel Barnhart.

"Attitudes Govern Your Life," is the lesson-sermon of Dr. Barnhart Sunday morning, June 13, at 9 and 11 a.m. at the Santa Anita Church, 226 West Colorado Boulevard, Arcadia. The dominant attitude which results in abundant living will be discussed, using the Beatitudes of Jesus as the Scripture. Infant and child care is provided at both services. The public is invited.

All youth classes are held Sunday morning at 9 a.m. There are graded classes for all ages from kindergarten through 25 years of age.

Information on weekday activities and special classes may be obtained by calling the church.

"Our telephone ministry offers you spiritual help day and night, call 447-6162," reminds Dr. Barnhart.

Sabbath Eve Services For Fri., June 11

Sabbath Eve services at the Foothill Jewish Temple-Center, 550 S. Second Ave., Arcadia, will be held on Friday evening at 8:15.

Rabbi Max R. Wasser will officiate and Cantor Salomon Edelman will chant the liturgy of the service, accompanied by the Temple Choir, under the direction of Mr. Philip Deutchman.

At this service, we shall mark Senior High Youth Group Sabbath, and members of the group will participate in the reading of the service ritual. Eddie Green, president of the group, will address the congregation.

The prayer over the Sabbath candles will be offered by Mrs. Melvin (Cynthia) Sugarman. Following the service, the Oneg Shabbat (Sabbath Hour of Fellowship) will be held in the Social Hall, sponsored by Mr. and Mrs. Mel Sugarman, Mr. and Mrs. Wally Cohn, Mr. and Mrs. Mort Nemerson and Mr. and Mrs. John Haggberg.

The daughter born to Mr. and Mrs. Dave (Paula Haggberg) Hudin, will be named at this service.

Sabbath morning services will be ehld at the Temple on Saturday, beginning at 9 a.m.

Summer Fun Starts June 29

Summer fun will be held on Tuesdays, Wednesdays, and Thursdays from 8:30 a.m. to 3:30 p.m. starting on June 29, for girls in the third through seventh grades.

Instructors will teach swimming, arts and crafts, cooking, sewing, drama and dancing. Classes will be divided into small groups, with experienced counselors working with them so that they will have excellent group experiences. There will be special trips, and on July 21, a family picnic.

Miss Kendall Ridgway will be the director. Registrations are now in progress at the YWCA, 78 N. Marengo Ave.

Bible Lesson For Sunday Told

Assurance of God's care for all is offered in the Bible Lesson entitled "God the Preserver of Man" which will be heard at Christian Science churches this Sunday.

Bible readings include these verses from Psalms: "The Lord is night unto all them that call upon him, to all that call upon him in truth . . . . The Lord preserveth all them that love him."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be included: "Dost thou 'love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind'? This command includes much, even the surrender of all merely material sensation, affection, and worship" (p. 9).

The Golden Text is from Proverbs (29:25): "Whoso putteth his trust in the Lord shall be safe."

Trinity Sunday

In culminating the festive half of the church year, the Festival of the Holy Trinity will be observed in the 10:30 Sunday morning worship hour at Faith Lutheran Church, 845 Hastings Ranch Drive, with the celebration of Holy Communion.

The pulpit message of the Rev. Armin Hesse will be entitled "Who Is the Lord?" It will venter on the Egyptian Pharaoh's arrogant and defiant question addressed to Moses and Aaron. The Senior Choir will sing Carl F. Mueller's arrangement of "O God, Our Help in Ages Past."

Meeting at 9:15, the Sunday school departments will review the lessons of the second quarter, together with a consideration of "God's People at Work in Hong Kong."

In last Sunday's service, the following were received into communicant membership before the church altar by transfer of memberships or by adult confirmation and profession of faith: Mr. and Mrs. David Baumhefner, Craig Felbinger, Miss Mildred Galigher, Mrs. Lorraine Hage, Mrs. Patsy Hawes, Miss Cynthia Hawes, Mrs. Joseph Hess, Miss Dorothy Hess, George Hess, Mrs. Marion Keene, Bruce Keene, Mrs. Minnie Meuser, Miss Margaret Oross, and Dr. and Mrs. Bruce E. Roesler.

Members and friends are reminded that on Sunday, June 20, the church will initiate the summer schedule of services, with Sunday school at 8:45 a.m. and the Sunday worship hour at 10 a.m.

With five workshops already filled, Creative Arts Group sixth Summer Session registration goes into its final phase this week. For information phone 356-1450 Monday through Friday between 10 a.m. and 2 p.m.

Republican Women To Meet June 16

Sharing the spotlight at the June 16 meeting of the Arcadia Republican Women's Club will be Robert G. Anderson, guest speaker, Mrs. Joyce Wenger, vice president of the Los Angeles Federation of Republican Women, and a film on the White House. Mrs. E. C. Rhodes, president, will call the meeting to order at 10:15 a.m. at Eaton's Restaurant, 1150 W. Colorado Blvd.

"Inflation, the Tool of Destruction" will be explained in the talk by Mr. Anderson, an adjunct professor of economics at Pepperdine College and an economist. Anderson, well qualified to speak on the problem of inflation, holds a Bachelor of Science degree in Commerce from Grove City College in Pennsylvania and a Master's degree in Business Administration from New York University's Graduate School of Business Administration. He has served as assistant professor of economics and business law at Grove City College and as adjunct instructor of finance at Fordham University.

Mrs. Wenger, recently returned from Washington, D.C., where she testified before the House Education and Labor Committee, will tell of her experiences there.

"The White House, Past and Present," an award winning colored film, one of the most comprehensive ever made, takes us into famous rooms and offices of our nation's executive mansion seldom seen by the public. It traces the story of this world-famous building from the original plans to the expanded and renewed mansion of today.

Members, prospective members and guests may make reservations for luncheon with Mrs. M. R. Wilkerson, 355-1852.

Letters To the Editor . . .

Dear Editor:

I had an awful experience today — something to strike terror in the heart of any liberal. Went out to the Fish Canyon rifle range to tune up old Betsy for next fall's Wyoming deer hunt, and you shoulda seen all them paramilitaries there! Why, they was on the firing line blasting away at those targets with pure spite in their hearts. Sounded like a Mexican revolution at the outskirts of Juarez.

Now, I been readin' the papers and listenin' to Huntley and Brinkley enough to know I had stumbled right smack in the middle of a right wing fascist hate group getting ready to take over the country, so I took notes. I didn't see no bazookas or howitzers, but I overheard 'em talking about 264s, 30-30s, ought sixes, 270s and one came right out and called his rifle a 257 Roberts. No doubt named after the man he had shot with it! These extremists didn't have grenades strung on their belts, but they had awful hate slogans sewed on their jackets. Things like "El Monte Mother's Gun Club," "Junior Riflemen of America" (the oldest was at least thirteen), "Hair Dressers Pistol Club of Puente" and "La Verne Oldsters Trap Shooters." A few men had NRA patches — guess that stands for Nasty Revolutionaries of America. They ain't been reading the cartoons lately, though. They didn't have long black beards and no bottles of whiskey was stickin' out of their pockets.

I tell you, it was scary, and that's a fact! One old gal would shoot, peer in the scope to see where she hit the target, and finally she turned and said to her friend, who was knitting while she waited her turn, "Ethel, I got a ten string you could cover with your thimble, except for the one I threw at nine o'clock in the five ring. I sure do like that new load of 17 grains of 4350 behind a Sierra Boattail 130."

I copied that down special, since it really probably meant they was fixin' to storm the West Covina City Hall next Thursday night.

Oh, yes, and something else I wrote down and sent along to Senator Dodd. I mean all those sinister bumper stickers on the cars there. Real inflammatory things, like "Freedom Is Fragile, Handle With Prayer," "Support Your Local Police," and quite a few which said, "Register Communists—Not Firearms."

Now whatever do you suppose they meant by that last one?

It's getting so it's a sin to touch anything with your bare hands. If you apply it then you can spray it. You start at the top with a bit of color for your hair, you set it with spray, and when it's all stirred and baked you glue it down with more spray. Working on down you spray on the perfume, the shaving cream, the tooth paste. You oil your skin with spray and you relieve the tension of your feet with spray, and if you have a minor scratch, burn, or cut you spray it with antiseptic and then you spray on a bandage. You spray away the spots on your clothes and spray the shine on your shoes. When you're all through and ready to go you step into your automobile that has already been sprayed with every conceivable cleaning, waxing and polishing device and you give the interior a quick spray of new car odor before you roll on down the hill!

There is only one calculated risk in the whole procedure. You have just GOT to stay on an even keel and keep your wits about you or you might very well end up with laquered feet and dentures that sparkle with silver. Or you might just end up like a friend of mind who just could not understand why she had to put so much hair spray on and it still wouldn't hold a curl. She neglected to observe that the label on the can clearly read oily nail dryer . . . So that night she wore a turban! I am just beginning to get the idea that the smog problem is not caused by autos at all, but by millions of people going around spraying, spraying, spraying!

The David Zinsmeyers of Villa Heights were among the local hosts last weekend. They entertained last Saturday night at a cocktail and dinner party. In their party were Mr. and Mrs. George Herman, Mr. and Mrs. Howard Morgridge, Mr. and Mrs. Al Richards, Mr. and Mrs. Joe Thomas, Mr. and Mrs. Don Neptune, Mr. and Mrs. Frank Rashay, Mr. and Mrs. Daniel R. Hay, Mr. and Mrs. Norman Woods, Mr. and Mrs. Thomas Corwin, Mr. and Mrs. Jack Simison, Mr. and Mrs. Charles Klingerman, Mr. and Mrs. Art Mann, Mr. and Mrs. Ralph Barnard, Mr. and Mrs. Phil Shepherd, Mr. and Mrs. Warren Bacon, Mr. and Mrs. John Hedrick, and Mr. and Mrs. Joe Cummins.

* * *

Mr. and Mrs. Robert Hanseen and their three children, Jill, Jane, and Rocky decided it would be fun to have a family day beside their pool and invite some of the families with small children that the girls have been baby sitting. It turned out to be quite a crowd, and I couldn't help observe (being just across the street) that the whole gang was having a ball, and the barb-que smelled so wonderful I almost joined the party.

Their guests were Mr. and Mrs. Jack Hansen with David, Heidi, and Jeff, Mr. and Mrs. Ernie Reed with Chris, Cheryl, and Shauna, Mr. and Mrs. Hank Marcheschi with Tommy, Debbie, and Lisa, Mr. and Mrs. Russ Groesbeck with Rusty, Philip, Gary and Todd, and Mr. and Mrs. Noel Hatch with John and Lynne.

* * *

The Hastings Ranch Nursery School ended up their Bridge Tournament with presentation of the trophies to the winners. Mrs. Jane Tucker was the chairman in charge of the couples' division. The finals winners in the grand play off were Bill and Marge Beneke. They were awarded their prize at a dinner party held by Lou Prescott and co-hosted by Kay Koch. They were in Group I. In Group II the winners were Don and Carrie Eggleston. The dinner party was held at their home and Mary Ellen Ham was co-hostess. In Group II the winners were Edward and Debbie Riordan. Their dinner was held at Barbara Burke's home with Debbie and Nancy Killen assisting as co-hostesses. Jane Tucker managed to get around to all of the dinner parties and present the winners with their engraved trophies.

The Ladies Singles champions in the day time group were Carol Bleeker and Anna Betty Goldman. The champs in the night singles group were Marge Campbell and Lucia Tebbe. They were presented their trophies by the singles chairman, Carol Tufeld. Their party was held by Alice Marsters in her lovely home in the Sierra Madre Villa area.

The tournaments are always so much fun and generate so much excitement by the time they come into the stretch it is little wonder that they fill their ranks promptly.

If you are interested in entering the fall tournament the new chairmen will be glad to have you call them. In the couples division Donna Crawley will take reservations. Her telephone is 792-1384. The chairman of the Women's Single division will be Mary Lou Reed and she may be reached at 449-3406.

LAWN VACUUM

Plastic hose and aluminum extension nozzle available as accessories.

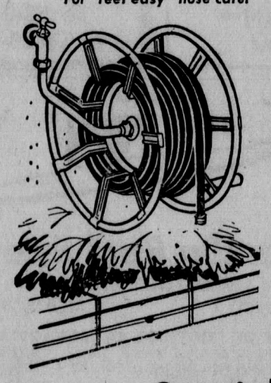
Yours for only
$139.95

Keeps lawns and grounds free of leaves, grass clippings, paper, pebbles and other debris

Removes grass clippings after mowing | Use extension to clean around bushes, fences | Cleans up leaves without raking

Never before has there been such a powerful, versatile lawn sweeper offered at this remarkably low price! The new value-packed THOR SPEED-VAC quickly takes the work out of garden clean-up . . . ends forever the back-breaking, time-consuming raking of leaves and grass. Just flip a switch to start the powerful THERMOWELD® burn-out proof electric motor. Tremendous suction picks up all kinds of debris, deposits it neatly into the giant canvas bag. Extra-large front opening lets you clean a big 25" wide swath to whisk through the largest lawns in record time. Also available at slight additional cost — 10-ft. flexible plastic hose and aluminum extension nozzle — perfect for reaching under shrubs, between bushes and fences, other hard-to-get-at places.

For "reel easy" hose care!



CAL-DAK®
Faucet-Mount
HOSE REEL

Water flows as hose reels and unreels. Rigid pipe mount holds reel firmly on faucet, ready for instant use. Easily detached for storage.

- Holds 100' ¾" rubber hose or 150' ½" hose

and professional stage entertainment. We are conducting tours through the retreat house and grounds. Free parking for over 5,000 cars is available, with shuttle bus service to and from the fiesta area and retreat house."

According to Father Faustinus, the Passionist Fathers have held layman's retreats at Mater Dolorosa since 1926. Over 87,000 men have received "spiritual refreshment" during this period. As the popularity and success of the retreats continued to grow, the original facilities soon proved inadequate. The new retreat house was completed in May, 1950 and blessed by His Eminence James Francis Cardinal McIntyre. With private room and bath accommodations for 75 guest-retreatants, the new facility also provides a large monastic dining room, assembly hall and library containing spiritual and inspirational literature.

Adjacent to the retreat is a private chapel used for conferences and religious exercises. Spacious gardens and wooded areas surrounding the retreat house are ideal for solitary walks and introspective contemplation.

Wistaria Poets Have Display At Public Library

Wistaria Poets (chapter of California Chaparral Poets) expecting to be seen as well as heard, welcome all within ear and eyeshot to go to the Sierra Madre Public Library and view an exhibit of poetry on display from June 1 to June 15; members past and present will be heard from.

Coinciding with the showing in the front will be a meeting this Saturday, June 12, at 2 p.m., of the Wistaria Poets in the rear Back-Talk Room of the same library, where regular monthly meetings are held the second Saturday of every month.

All interested aficionadas of the cultures are invited to view far-in, far-out and far-off writing, with accent on the understandable, topical, spiritual. All articulate enthusiasts of the written and spoken word can, following the viewing of the works encased, retire to the rear where the poets themselves can be observed in action, discussing, reading, talking poetry and allied arts. The address of the library is 442 W. Sierra Madre Blvd.

A few poets to be heard from: past resident now residing in Seal Beach's Leisure World, Esther Webb; present president Daisy Macfarlane and members: Fay Angus, Ethel Barnard Meyers, Paula O. Ennis (von Braun), Helen Frey, Olive Heering, Mabel Juliar Nisbet ('63 Chaparral president), Millie Solury and Beverly Wood. Art-work oles should be handed to handicrafter par excellence Helen Frey.

Arbitration Ordered

than five working days this board would arbitrate and come to agreement, and on a 3-0 or 2-1 decision the Subdividers and the City would be satisfied with their findings, correct the faults and the subdividers would be allowed to proceed with recouping his investments.

The job of the arbitration board would be to review the Plans, Ordinances in effect at the time of the Tract participation, and the contracts between the subdivider and the City, and where fault is found in any of these three catagories, the subdividers would bring them up to standards. This board would continue to function until the work so ordered was completed, and certify under their signatures that it had been completed to their satisfaction.

In pounding out this agreement between the subdividers and the City, Frank Arciero stated that Lots 1 - 30 - 31 - 53 - 52 - 51 - 48 and 47 should be excluded based on the following facts: That they had been accepted by the City Engineer in January and by the Council as being within compliance, that prior to this acceptance they had demanded that certain plantings and protection be given these lots, and that he complied with them at a cost of over $8,000. That the lots had failed to "weather the storm" was not his concern, as it was done to the satisfaction of the City. That he did not feel that now, he should be made to go into this area, tear up the plantings and conditions dictated by the City and spend another $8,000 ,due to failure and the City changing its mind about plantings.

Finally, he agreed to place these lots up for arbitration, having been told that the arbitrators would have this complete knowledge, and if found that he had complied with all provisions, and that the lots had been accepted by the City then it may be their decision that he would not be required to do additional work.

The agreement for arbitration was given full approval of the Council with them footing the bill at a cost of not to exceed $1,000. The decision of work by the arbitrators would be done at the sole expense of the subdividers. Should the City be found at fault in any situation by the arbitrators, then they would be required to move in and correct the situation themselves or, as City Attorney Martin stated "forget it."

This board is given five working days to arbitrate the situation, if done, Mayor Abernethy stated that a special meeting of the council could be called to approve or disapprove the arbitration so that the subdividers could get the "show on the road." In any event a full report is expected by the Council meeting of June 22, if not before.

The Citizens for a Safe and Beautiful Sierra Madre, had done considerable work in the field of engineering on the situation, and had presented report after report to the City relative to their findings, however, Attorney Kennedy ruled that they would not, nor would their soils engineers be allowed to be a part of the arbitration due to their status of being "trespassers." These people, their work, and expense has but one consoling factor, their records, findings and suggestions have been placed as "public record" with the city, who can review them at any time.

Although the property owners in the Foothill area were indeed unhappy with the outcome of the situation, they will now become subject to the arbitration board. If at a later date they become damaged as a result of faulty work, they will have to seek satisfaction in the courts. The results of the completion of Sierra Madre Estates now lay in the hands of three soils engineering firms, their decision will become final and binding upon the City and the subdividers, and thus will pass the two to three year hassle of Tract 27459, and the citizens and City can turn its full attention to other tracts and other fallacies.

The agenda of the Council was completed "piece meal" between the recesses, and included an acceptance of a report of the Ad Hoc Water Committee, and the voting of an expenditure of $3,500 for step number four in their suggested program, with a meeting with the Council on Tuesday evening at 8, June 15 for full explanation and cost of their proposed participation.

Due to time, space and deadline limitations, the remaining Council items will be reported in the issue of June 17. The Council adjourned to a budget session and other items for Tuesday, June 15 at 8 p.m.

12 Months of Satisfactory Operation Given Directors

Twelve months of "very satisfactory, profitable operations" was the report given by the company president, Aaron Bloom, at the Board of Directors meeting of Sierra Engineering Co., Sierra Madre, held Thursday, June 3. Sierra's successes during the fiscal year, completed June 1, have served to emphasis the company's preeminent position in the research and development of respiration equipment for high altitude flight.

New goals, projected for the future, include the expansion of Sierra's Engineering Department in an extended effort to achieve a position of equal prominence in all forms of respiration equipment; aerospace, commercial aviation, general (private) aviation, medical and sports applications. Mr. Orland Wilcox, vice president and chief engineer, will be responsible for the expansion of his department and will welcome applications from any interested, qualified engineers.

Additional activities at the recent board meeting included the election of Richard A. Hawks, Hemet, Calif., to the Board and the appointment of Roger C. Rumsey, Altadena, to the office of vice president in charge of finance and operations.

Sierra-Hastings Grand Council Fire June 11

The Sierra-Hastings Grand Council Fire, honoring all Camp Fire groups who have advanced in rank this year, will be held on June 11, at 7 p.m. at Sierra Madre's Memorial Park. Guardian of the fire, for this important event, will be Mrs. William Heller, who will be wearing her own ceremonial gown from Camp Fire.

California To Exceed N.Y. In Personal Income For '65

Sometime this year California will achieve another dramatic first in her friendly, but spirited competition with her across-the-continent rival, New York.

According to Conrad C. Jamison, vice president and economist for Security First National Bank, "It appears almost inevitable that California will exceed New York State in total personal income in 1965. This will make California the nation's leading state with respect to personal income as well as population." California passed New York in the population race within the past two years and is widening its lead every day.

Jamison based his prediction on official figures from the Office of Business Economics, U.S. Department of Commerce. These figures show that the personal income gap between the two states has narrowed since 1960 from a $3.6 billion, or 8 per cent lead by New York, to a $.3 billion or 6/10 of one per cent margin.

"On the basis of relative trends during recent years," Jamison says, "California will forge out in front before the end of the year."

The Southern California banker recalled that when California passed the Empire State in the population race, a great volley of claims and counterclaims sounded between Albany and Sacramento. He admits that his present disclosure may set off a similar reaction.

"Personal income leadership is even more important economically than population," Jamison pointed out. "But leadership in both categories clearly demonstates the wealth of the West — particularly California."

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the City Council of the City of Sierra Madre will conduct a public hearing on Tuesday, June 22, 1965 to determine and consider the amendment to the Sierra Madre City Code adding new Sections 9461-1 and 9461-2 relating to permitted uses in the "C" Zones.

The proposal to be considered by the City Council involves the following proposed amendment, together with such modifications as may be made hereto as a result of such public hearings:

Section 9461-1. SAME EXCLUDED USES. The permitted "C" uses shall not include, and there shall be excluded therefrom the following uses:

1. Auto wrecking establishments;

2. The business or art of astrology, phernology, life reading, fortune telling, cartomancy, clairvoyance, clairaudience, crystal gazing, hypnotism, mediumship, mesmerism, oriental mysteries, palmistry, spirit photography, spirit writing, spirit voices, spirit materialization, etherealization, numerology, physiognomy, prophecy, pschometry, seership, augury, divination, magic or necromancy, or other similar art or business;

3. Any manufacturing use except as specifically authorized in Section 9460;

4. Wholesale business establishments involving outside or non-enclosed storage or warehousing;

5. The sale or display for sale of any goods, wares, or merchandise stored or maintained other than in an enclosed building — except nurseries may display nursery stock (and garden supplies if set back at least 26 feet), and gasoline service stations may display automotive supplies within 15 feet of the central office thereof;

6. Any enterprise or use which produces, causes or emits any dust, gas, smoke, glare, noise, fumes, odors or vibrations of which are or may be detrimental to the safety, welfare, health, peace and morals of the City and its residents;

7. Business conducting game rooms, card rooms or other place where cards, dice or other devices are played for opportunity to win money or article of value, or where there is house participation therein — whether involving games of skill or chance;

8. Any other use not specifically authorized herein.

Section 9461-2. SAME CONDITIONAL USES. The uses hereinafter set forth are declared to possess characteristics of such unique and special form as to make impractical an advance classification of "permitted" or "prohibited" use in the "C" Zone. The location, development and operation of each of the following, and all matters directly related thereto are therefore declared to be subject to the prequisite of a Conditional Use Permit, and each such use shall be prohibited until a Conditional Use Permit has first been issued pursuant to the provisions of Part 14 of this Chapter. No permit shall be issued for, nor be effective to permit, any of the uses included herein if the same is prohibited by other provisions of this Code. None of the uses set forth herein shall be presumed as permitted uses, and the burden of proof shall be upon the applicant to show justification for each such permit;

1. Any residential or dwelling unit use, except as set forth in Section 9460.

2. Public utility installation and facilities (except offices which are permitted uses);

3. Gymnasiums, massage parlors, and health centers;

4. Veterinary clinics;

5. Governmental uses;

6. Commercial recreation facilities;

7. Commercial advertising and billboards;

8. Trailer Courts;

9. Cardrooms, game rooms, or other place where there is opportunity to win money or article of value or where there is house participation, whether involving games of skill or chance, in premises located within 300 feet of the boundary of any R-1, R-2, or R-3 residential zone — provided that the effect of this subsection shall be suspended for as long as subsection 8) of Section 9461-1 hereof remains in force and effect; upon any declaration of invalidity or nonapplicability of said subsection 9) shall immediately ipso facto be in force and effect as to such uses, retroactively to the date of the adoption of this subsection 9), as an interim emergency zoning classification.

10. Pool halls and billiard parlors;

11. On sale liquor establishments located within 300 feet of residentially zoned property.

12. Restaurants or bars featuring entertainment or shows.

13. In the event any of the prohibition of uses set forth in Section 9461-1 hereof, is held to be invalid or inapplicable for any reason whatsoever, then such use shall immediately and automatically be classified hereunder as a conditional use, subject to the provisions of this paragraph, as an interim emergency zoning classification.

Interested persons may attend said hearing and be heard with respect thereto.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that pursuant to the provisions of the Code of the City of Sierra Madre, Section 9625, that the Planning Commission of the City of Sierra Madre has fixed Thursday, June 24, 1965, at the hour of 8:00 P.M. in the Council Chambers of the City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California, as the time and place for holding a public hearing on a proposed variance to reduce front yard setback to 15 feet from a requirement of 25 feet for property described as Lot 340, Tract 2456, and further described as approximately 511 Alta Vista Drive.

Application and map are on file in the office of the Secretary of the Planning Commission.

The application alleges that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a variance as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof, in that the proposed variance, if granted, would be subject to such conditions as the Planning Commission may deem necessary to assure that the spirit and purpose of said City Zoning Code will be observed, public welfare and safety secured, and substantial justice done to all parties.

Interested persons may attend and be heard.

PUBLIC NOTICE

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Sierra Madre will conduct a public hearing on Thursday, June 24, 1965, to determine and consider the amendment initiated by the Planning Commission for proposed new regulations in the Sierra Madre City Code relating to hillside development.

The proposal to be considered by the Planning Commission involves the following proposed amendment to the Sierra Madre City Code, together with such modifications as may be made hereto as a result of said public hearing:

SECTION 9410. "CUP" Conditional-Use Zone

The scope of ordinance is to provide safe hillside developments that will be free from the likelihood of becoming charges of, or expenses to, the City, and will provide for utility, beauty and pleasure for the inhabitants. In furtherance of these objectives it is desired to minimize erosion and flood danger by the least possible disturbance of the natural terrain and water courses. Whenever possible, hillside streets shall be constructed in valleys, on ridges or generally parallel to the natural contours.

SECTION 9410.1. "CUP" Conditional-Use Zone. Uses Permitted.

The following public and private uses are permitted in the "CUP" Zone:

A. Flood control channels, spreading grounds, settling basins, and permanent open spaces.
B. Parks, playgrounds, wild life preserves, recreation areas, and such non-habitable buildings and structures as are accessory thereto.
C. Agricultural crop uses, provided that no dwellings, either temporary or permanent, be permitted in relation thereto, nor any on-premises sales, apiaries, grazing of livestock, propagation nurseries.
D. Water wells, reservoirs, tanks, dams, treatment plants, gauging stations, pumping stations and any use normal and appurtenant to the obtainment, storage or distribution of water.
E. Electric transmission substations, electric distribution stations, communications equipment buildings, microwave radio and telephone transmission facilities used in the operation of public utility functions.

SECTION 9410.2. "CUP" Conditional-Use Zones. Uses Conditional.

The following uses may be permitted in the "CUP" one only if the location and development are first approved by the Planning Commission as a Conditional Use Permit as provided in Section 9410.5 of the Sierra Madre City Code.

A. Subdivisions and re-subdivision (lot splits) of land.
B. Residential dwellings.
C. Non-habitable structural uses (except as expressly permitted in Section 9410.1 hereof).

SECTION 9410.3. "CUP" Conditional-Use Zone. Development Standards.

All property in this zone shall be developed only in accordance with requirements specified in such Conditional Use Permit yards, area, frontage and other developmental standards shall be as prescribed therein. Development standards shall be as prescribed in this Section 9410.3 and shall be considered by the Planning Commission in approving or denying such Conditional-Use Permit.

SECTION 9410.3.1. Same. Density.

The maximum permissable density in the "CUP" Zone shall be two lots per gross acre.

SECTION 9410.3.2. Same. Hillside Maintenance District.

Hillside maintenance districts shall be established as required by such Conditional-Use Permit and may include but shall not be limited to the following: open land planting and maintenance, maintenance flood control of facilities located on private property, lighting, liability.

SECTION 9410.3.3. Same. Zone.

R-1 zoning regulations shall apply in the "CUP" Zone.

SECTION 9410.3.4. Same. Lot Dimensions.

The following lot dimensions shall apply:

A. Width shall be 75 feet minimum at the building line.
B. All lots created in this zone shall be capable of supporting a 6,000 sq. ft. level pad. For this purpose level pad shall be defined as having a slope not exceeding 10 percent which drains the pad to the street or natural drainage facility.
C. Setback on corner lots shall be the same on both street exposures.

SECTION 9410.3.5. Same. Excavation and Grading.

A. A maximum of 4000 cubic yards of earth moved per acre will be permitted.
B. The horizontal projection of cut and fill slopes shall not exceed 5 percent of the total tract area.

SECTION 91410.3.6. Same. Filing of Tentative Map.

At the time of filing of the tentative map, each subdivider shall file with the Planning Commission copies of preliminary soils engineering and geological reports. Such preliminary reports shall be based upon inspection of the area to be subdivided or re-subdivided and shall relate to the feasability of the design shown on the tentative map.

SECTION 9410.3.7. Same. Street Design.

A. Cul-de-sac or dead end street shall not be permitted over 500 feet in length.
B. Maximum slope of hillside streets shall not exceed 15 percent.
C. Hillside streets.
   (1) Where streets or roads are so constructed that cut or fill banks are fully within the right-of-way, such cut and fill banks shall be constructed so that they do all of the following:
      (a) Permit the development of abutting lots as building sites.
      (b) Protect the road and the abutting property against slides and settling, all in a manner satisfactory to the City Engineer.
   (2) For mountainous areas, or areas where these is restricted right-of-way, the right-of-way width for through streets and cul-de-sac streets less than 500 feet in length may be reduced to 48 feet and the paved roadway width be reduced to 28 feet. In this case, parking shall be prohibited on one side of the street.
   (3) For steep mountainous area where side slope is in excess of one foot vertical rise for each four feet of horizontal distance (4:1 slope) the right-of-way width for through streets and cul-de-sac streets less than 500 feet in length may be reduced to 40 feet, the paved roadway width may be reduced to 28 feet. In this case, parking shall also be prohibited on one side of the street. All streets, as far as practicable, shall be required to be in alignment with existing adjacent streets on their property projection.
   (4) Cul-de-sac streets shall be permitted only when through streets are not practical and adequate. Provisions shall be made at the end of such streets for turning, by dedicating a turn-around with a curb radius of not less than 25 feet.
   (5) Concrete curbs and gutters shall be constructed on both sides of all hillside streets.
   (6) Concrete sidewalks shall be constructed on at least one side of all hillside streets.
   (7) No slope shall be allowed to encroach upon the public rights-of-way.
   (8) Street locations shall generally conform to the provisions of Section 9410 hereof.

SECTION 9410.3.8. Same. Parking Provisions.

Level off-street parking space for a minimum of four cars (including any space in a garage or car port) shall be provided for each lot. Each such required parking space shall be a minimum of 9 feet by 20 feet in size.

SECTION 9410.3.9. Same. Utilities.

A. A water system shall be designed and constructed in accordance with City requirements and where necessary the developer shall provide and install reservoirs, pumps, and other required equipment.
B. Utility lines ,including but not limited to electric, communications, street lighting and cable television shall be required to be placed underground. The subdivider is responsible for complying with the requirements of this Section, and shall make the necessary arrangements with the utility companies for the installation of such facilities. For the purposes of this Section, appurtenances and associated equipment such as, but not limited to, surface mounted transformers, pedestal mounted terminal boxes and meter cabinets, and concealed ducts in an underground system may be placed above ground. The Planning Commission or City Council may waive the requirements of this Section if topographical, soil or any other conditions make such underground installations unreasonable or impractical.

This Section shall not apply to utility lines which do not provide service to the area being subdivided.

In the case of an existing overhead utility source, all utilities on the sites for direct service to the use thereon shall be installed underground except as otherwise approved by precise plan of design. The owner or developer is responsible for complying with the requirements of this section and shall make the necessary arrangements as required by the serving utility companies for the installation of such facilities.

C. A report shall be submitted on the need for cathodic protection of underground facilities and the same shall be designed in accordance with the recommendations of such report.

SECTION 9410.4. "CUP" Conditional-Use Zone Permit Criteria.

In the following the procedures set forth in Section 9410.5 for the processing of a Conditional Use Permit in the "CUP" Zone, the Planning Commission shall apply as its criteria — for approving, conditionally approving or denying such permit — a determination of whether the proposed development will or will not substantially increase the risk of flood, slide, subsidence, drainage run-off, fire or other damage from the elements upon the subject lands or upon adjacent properties. The Planning Commission shall include a summary of its findings as a part of its official action.

SECTION 9410.5. "CUP" Conditional-Use Zone Procedure.

The procedures for processing a Conditional Use Permit under this Part shall be as set forth in Section 9480, and Part 14 of Chapter 3 of Article IX hereof, provided that if the provisions of the Subdivision Map Act preclude a noticed or public hearing on a subdivision, then such application shall be processed without necessity thereof.

SECTION 9410.6. "CUP" Conditional-Use Zone. Area of zone.

The regulations prescribed in Section 9410 are hereby imposed on all of those areas, parcels and lands within the City lying northerly of the line described as follows:

(a) Carter Avenue from its westerly terminus to its easterly terminus;
(b) From the westerly terminus of Carter Avenue along an imaginary prolongation of Carter Avenue to the westerly City limits; and
(c) From the easterly terminus of Carter Avenue, thence easterly and southerly along Mira Monte and Mountain Trail to Grand View Avenue to the City limits.

Interested persons may attend such hearing and be heard with respect thereto.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that pursuant to the provisions of the Code of the City of Sierra Madre, Section 9625, that the Planning Commission of the City of Sierra Madre has fixed Thursday, June 24, 1965, at the hour of 8:00 P.M. in the Council Chambers of the City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California, as the time and place for holding a public hearing on an application for a variance from the provisions of City Code Section 9440 to permit a dental office within the R-3 Zone. Such use variance is for property described as portions of Lots 6 and 7, Block "B," Central Tract, being further described as 80 South Baldwin Avenue.

Application and map are on file in the office of the Secretary of the Planning Commission.

The application alleges that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a variance as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof, in that the proposed variance, if granted, would be subject to such conditions as the Planning Commission may deem necessary to assure that the spirit and purpose of said City Zoning Code will be observed, public welfare and safety secured, and substantial justice done to all parties.

Interested persons may attend and be heard with respect thereto.

FLOURNOY REPORT

Consolidation, or the philosophy that "bigness" leads to ultimate economy and efficiency, is often proposed as the ultimate solution to California's most pressing problems.

Not long ago we had the attempt to lump all Los Angeles County School districts into one giant district; and now we are faced with the same proposal for our court system, a measure which would consolidate all of Los Angeles County's 23 Municipal Court districts into one district, with a vastly more centralized court operation.

The municipal court consolidation plan, passed by the County Board of Supervisors (by a 3-2 vote) and introduced in the Legislature by Senator Thomas Rees, purports to be a means of saving untold thousands of dollars, and relieving local judges from "ribbon cutting" and other time consuming ceremonial pressures of small-town politics.

Unfortunately, neither the Board of Supervisors nor Senator Rees has yet demonstrated that any concrete savings would result from such a sweeping change. As to the emanicipation of judges from small town influences, I have never heard that running for judicial office at the local level constituted such a problem.

In reality, the only change I see coming from such a consolidation plan would be to give the Board of Supervisors greater power over the judiciary, and make legal proceedings infinitely more complex and expensive for the general public.

Instead of conducting our courts of justice in the communities where the people live, the plan proposes to force the people to bring their local problems to nine central court areas.

In my opinion, costs and inconveniences would be multiplied, as whole brigades of local lawyers, plaintiffs, defendants, police officers, witnesses, experts and jurors traveled to distant and diverse cities in search of justice.

While it is conceivable that such travel and confusion could make for some "paper savings" in the county budget and may have the political effect of making the Supervisors appear "budget minded," these dubious gains would be completely overshadowed by the cost to the litigants and to our independent cities.

I do not argue that our present municipal court system is perfect, or that enonomies and efficiencies can not be effected. Such changes (as those proposed recently by the League of California Cities) can and should be considered and acted upon. However, the massive consolidation proposed by the Board of Supervisors is hardly a solution.

Registration Now Open For Bridge Classes

Registration is now being accepted by the Pasadena Department of Recreation, 1501 E. Villa St., for the new series in beginning and intermediate bridge starting Monday, June 21 at 7:30 p.m.

The classes will consist of a lecture period followed by supervised play of the hand. Instructors Mrs. Pat Kavanaugh and Mrs. Florence Pattison will teach the Goren Count Point System of Bridge.

Registration must be made prior to the day of the class at the Jefferson Recreation Center, 1501 E. Villa St. Information on these and other bridge classes may be obtained by calling SY 3-9177.

Sierra Madreans

Immediately before commencement, 74 graduuating seniors will receive commissions as second lieutenants or ensigns as the culmination of their ROTC training.

The formal commencement program will begin at 11 a.m. Sunday, June 13, with the Baccalaureate service in Woolsey Hall. Senior Class Day exercises will be held at 3 p.m. Sunday on the Old Campus. Two Sierra Madreans are included in the graduate list:

Rolf Rainer Gehlhaar, of 561 Ramona Ave., Bachelor of Arts, and Cameron Russell Graham, 250 Monte Vista Lane, Bachelor of Arts.

Perlof Sons To Receive Degrees

Mr. and Mrs. Sam Perlof, owners of Royal Drugs, have a very good reason to be doubly proud this week when their sons, Stephen and Allen both graduate from the University of Southern California. Stephen received a Bachelors Degree in Engineering from the University a year ago, and has now earned his Masters Degree in Business Administration. Allen will receive his Bachelors Degree in Accounting.

Both Stephen and Allen were born in Sierra Madre, and attended the local elementary schools.

Bryon Baron Promoted By U.S. Army

Bryon K. Baron, son of Mr. and Mrs. Sol Baron, 2040 Liliano Dr., Sierra Madre, Calif., was promoted to specialist five May 23, while serving with the 3rd Armored Division near Kirch Gons, Germany.

Specialist Baron, a mail clerk in the 2nd Battalion of the division's 32nd Armor, entered the Army in January, 1963, and completed basic training at Fort Ord, Calif.

The 24-year-old soldier was graduated from Arcadia High School in 1958 and attended Pasadena City College.

Letters To The Editor . . . . .

Dear Editor:

I recently spent a day roaming around downtown L.A. Here are some of my impressions and "true adventures." Beatnikish characters. Transistor radios competing with the rat-tat-tat of street riveters and the traffic's roar. A very fat lady wobbling along on spiked heels. Gals with long, straight hair, in skin-tight pants. Young girls with spiked heels, too-tight, too-short skirts, beehive hairdos, clickety-clacking down the street. Old people looking sad and lost. Brisk business men impatiently making their way along the streets. A very pretty young lady, well groomed, wearing a hat! Imagine that! Manicured Pershing Square. My "empathy" with the old people. They were there, in the Square, but not so many. No shade. Those beautiful old trees . . . all gone. Wonder why they didn't hire patrolmen instead of spending all that money to tear those trees out.

As I pursued my roaming, I discovered a darling little grocery store near Eighth and Flower. All it needed was a pot-bellied stove! A woman customer, eager to talk, joined me as I walked on. Why the little store? Lots of old and very poor people living in cheap hotels, apartments, rooming houses, light-housekeeping rooms. They have no cars. Many cannot afford bus fare. She was 60. Does housework by day. Not many wanted her because of her age. A murder and suicide in her hotel the night before. Ex-convict shot and killed the landlady and killed himself. She was on "his list," too, but she escaped.

Urban decay noticeable in shops and street scenes, but not in the buildings. Some new highrise. Old buildings with lifted faces. Back to Broadway for lunch. Atmosphere not so good as in the long-ago. Gone are the white linens, the lounge chairs, the "no smoking" signs. A tear rolled down the cheek of the elderly lady who shared a table with me. Her husband had recently died. He tried to commit suicide to escape his suffering, but she called the emergency hospital. They saved him only for him to suffer eight months more. Grieving her heart out because she caused him all that suffering when he wanted to go.

To Bullock's lounge. Old women sitting around, some dozing, others talking. Overheard: "There's a revival at the Temple . . . I went to a spiritualist meeting. A man went into a trance. He saw St. Paul on a big white horse, and the Saint rode right up to a broad white throne. . ." Then I heard this same sweet little old lady say, "I'm havin' a helluva time finding a hat!"

Wonderful L. A. People sighing, laughing, crying, dying, being born. There are those who would kill you for a dime. Others would risk their lives for you. A little of the whole world. All nations, all religions. There is comfort even in its anonymity. The city I love. It has been good to me.

—LILLIAN B. SAGE

Dear Editor:

First let me thank you Mr. Editor and House Mouse for your kind words about the Sierra Madre Volunteer Fire Department. This is a dedicated group of men trying to be of service to their community.

I would like to make a few comments on some statements made in leters to the Editor.

First let me say that the City Council past and present have never refused a valid request made by the Chiefs of the department, although at times it may have taken a little time.

Second the City does furnish all the equipment used by the department, except dress uniforms which are bought by the men.

Third the annual Christmas Dance held by the department which has been going on for over 40 years, the money raised by this dance is used only for the Christmas Eve Party and Easter Egg Hunt and to support worthy causes during the year.

Fourth, regarding the new truck, the City Council is aware that we will have to have another first line truck the next year or so, the American La France which was built during World War II is over 20 years old.

So again thanks to you Mr. Editor and House Mouse.

—JOSEPH GRIPPI
Publicity chairman,
Sierra Madre
Volunteer Fire Dept.

Dear Editor:

It would be interesting to read in the Sierra Madre News how you feel about the Unruh Act, Assembly Bill 145 (Unification of Schools). I think the bill should be eliminated.

We are very fond of your paper and would appreciate your views.

—L. VERGNE CONLEY

EDITOR'S NOTE: It is difficult to assess the full effect of AB 145 (1964) upon improvement in district organization at this early date. The effect of the 1959 Master Plan Law and the influence of AB 145 are impossible to separate. During the entire year of 1964 one hundred and thirty-eight recommendations for unification were submitted to the State Board of Education. Thirty-four of these were received prior to June 1, and 104 after that date. Many of these recommendations had been in the making before AB 145 was introduced and would have reached the Board in any event. It is likely, however, that the progress of some of these were speeded by the imminence of AB 145.

As a result of new districts formed during 1964, which will become effective on July 1, 1965, there will be approximately 1,009 elementary, 167 high school, and 192 unified districts in the State . . . A reduction of 120 elementary, 29 high school districts, and an increase of unified districts of 28. This means 242,284 units of ada will be added to those now credited to unified districts of the state.

As people come to appreciate the merits of unification and understand the financial and educational benefits to the children that will accrue from it, there is little doubt that more and more elections will result in the approval of unification proposals.

I am sure that this is not the answer that you wanted, but it is now law, and I believe a good one that will do much for the taxpayer, students and education . . . I am more concerned over AB 1331 (1965) (pre-school training bill) and AB 1332 requiring the testing of every child at the end of his first grade year in school, with federal aid attached, more about this later, I hope.

United Crusade Key People Announced

Key people for the 1965 fall campaign for the Sierra Madre United Crusade Campaign have been announced by Sierra Madre board of director's president Paul Devlin. Mrs. Marie Appelford and Paul Carter will be co-chairmen. Mrs. Appelford's efforts will be directed to the residential area of the drive and Mr. Carter will concentrate on the business section. Mrs. Lucy Young, a past campaign chairman and a ten year member of the former Community Chest and now United Way, will serve as vice chairman for the house-to-house drive.

Other members of the board of directors serving with Mr. Devlin and assisting in the campaign are vice president, Dan Jansky, treasurer, Frank Mosier, corresponding secretary, Mrs. Helen Walker and public relations, Mrs. Phyllis Chapman.

Hewes Bell, vice president and general manager of the Pacific Telephone Co., and the 1965 campaign chairman for the Foothill Area has invited these campaign people to be his guests this week at a dinner meeting in order to exchange information and campaign ideas.

The United Crusade drive combines the United Way and the American Red Cross into one concerted effort to provide funds for 244 counseling, health and welfare agencies in Los Angeles County. The major objective is to increase the effectiveness of every dollar donated.

Last fall's campaign including Red Cross for the first time raised the largest amount of voluntarily-donated money ever raised in any county anywhere.

Pass Resolution

Arcadia Y. R. Opposes Property Confiscation

The Arcadia Young Republicans passed the following resolution at their May 26, 1965, business meeting:

WHERSAS, the only distinctive feature of the Community Redevlopment Agency proposed for Arcadia is the conferral of power of property condemnation, or eminent domain, upon the Arcadia City Council, and

WHEREAS, eminent domain could be employed at the wish of the City Council to force an Arcadia property owner to sell his land at a "fair market value" established by a land appraiser, and

WHEREAS, market value is a voluntary agreement on purchase price of the property between buyer and seller, not an arbirtrary price determined by a political agency to be forced upon an unwilling seller, and

WHEREAS, eminent domain, therefore implies that the Arcadia property owner holds title to this property by permission of the City Council rather than by right of his legally acquired deed, and

WHEREAS, no matter what initial limitations are placed on such an agency, the proposal, if adopted, becomes a "foot in the door" to provide inevitable expansion of the agency's boundaries to further victimize property owners,

THEREFORE, BE IT RESOLVED that the Arcadia Young Republican Club is strongly opposed to adoption of a Community Redevelopment Agency with its potential for private property confication through eminent domain, and firmly believes in the ability of free enterprise to effectively develop the potential of this community when permitted by Government to do so.

Annual Picnic

The Polish National Alliance, Council 73 of Los Angeles is sponsoring its Third Annual Picnic on Sunday, June 27, from 10 a.m. to 8 p.m. The picnic will be in Swiss Park at 2501 Huntington Drive, Duarte. There will be games for children and adults, with prizes galore, and Polish food will be served throughout the day. There will be two orchestra adding to the festivities, and children under 16 years will be admitted free.

This is the 85th anniversary of the Polish National Alliance, the largest fraternal society of Americans of Polish descent. Everyone is invited to join in the fun, and for further information may call 796-4048 or 943-5944.

PEPTONE
by Deedee & Alice

It seems that since the Beatles take-over of the United States and the rest of the world, other singing groups have been coming in awfully strong, not only in the line of singing but also in that of acting. Dave of the Dave Clark 5, a would-be stunt man, doesn't seem to be doing too bad for himself. He and the other members of his group are starring in a new movie called "The Dave Clark 5 Run Wild."

These boys, often referred to as "snobs" because of their clean Londonish look, really let loose in this movie and show the world that this title does not fit them.

* * *

The stars of A-1's GoGo Mania, a new musical, are the Beatles. The cast also includes: Herman and his Hermits, the Kinks, the Rockin' Berries, Billy J. Krammer and his Dakotas, Tommy Quigly, the Nashville Teens and the Animals. How 'bout that for a cast? Sort of sends "Shivvers up your backbone," doesn't it?

* * *

It's never too early to start a career. Herman did it when he was 16. Deedee and Alice are at it at 15 (not too conceited, are we?), but Dino, Desi and Billy seem to have a good thing going at 12 and 13. Take a closer look at these boys and you will see that two happen to be the sons of Dean Martin and Desi Arnez. They have a new record out which you probably will be hearing soon. It is called "I'm a Fool."

* * *

Want to know something about your favorite singer or singing group? Send a postcard to Deedee and Alice in care of the Sierra Madre News.

First Aid Course To Be Conducted

A course of instruction in First Aid will be conducted at Sierra Madre City Hall starting Tuesday, June 22, at 1 p.m., according to Mrs. Richard Ridgeway, First Aid chairman for Sierra Madre Red Cross.

The course will include ten hours of instruction spread over four or five consecutive weeks, each weekly meeting to be held on Tuesday afternoon at the City Hall. Miss Josephson will be the instructor No charge will be made.

"Red Cross urges everyone to take advantage of First Aid training, so as to be prepared in the event of a disaster or in case of any emergency," Mrs. Ridgeway said. She also mentioned that our school teachers would be most welcome if they care to participate in the course.

Anyone interested in attending this course should call the local Red Cross office, 355-0745, on either Monday, Wednesday or Friday morning between 10 o'clock and noon, to register their application, or they may phone 355-2957 for further information.

Kiwanis Have Benefit Ball Game July 26

The 26th annual baseball game to benefit the Kiwanis Crippled Children Foundation and youth projects of local area Kiwanis Clubs will be held on July 26, it was announced by Hap Halligan, game chairman.

It will be a regular National League game, featuring the loop's two hottest clubs, the Los Angeles Dodgers and Cincinnati Redlegs at Dodger Stadium.

In order for the Foundation and local area Kiwanis Clubs to raise needed funds, Halligan pointed out that game tickets must be obtained now. Either box or reserved seat tickets, at regular Dodger Stadium prices, are now available from the Foundation and local area Kiwanis Club members or by calling BR 2-3400.

Funds from Kiwanis-sold tickets provide orthopedic devices, medical care, permanent hospital beds, eye corrections and other services for some 200 crippled and underprivileged children a year.

The Kiwanis Crippled Children Foundation of West Hollywood provides aid regardless of a child's race, color or creed and continues with cases until complete rehabilitation is achieved.

The event is Southern California's oldest benefit baseball game. This is the eighth year the Dodgers are giving full cooperation.

Leslie Twedie Graduates

Commencement at Lewis and Clark College will see 218 seniors receiving bachelor's degrees and three graduates awarded master's degrees in the traditional outdoor exercises in Griswold Stadium on June 13.

Among those to be graduated is Leslie Tweedle, Sierra Madre. She is the daughter of Mr. and Mrs. William A. Tweedle, 360 E. Grand View, and majored in elementary education.

An Idaho industrialist and friend of education, Robert V. Hansberger, will deliver the commencement address at 3 p.m. He is president of Boise-Cascade Corp. of Boise, Idaho.

Speaker for the 11 p.m. baccalaureate service at First Presbyterian Church Sunday will be Dr. Howard Lowry, president of the College of Wooster, Wooster, Ohio.

ship of bills together with their statements of general approval relative to the President's recommendation in behalf of the excise tax cut.

"Telephone users everywhere in the nation, and California Water & Telephone customers, in particular, will receive the entire benefit associated with the reduction by 70 per cent in the present 10 per cent tax rate," Schuil stated, "because the only possible economic benefits the Company can derive will come with the complete elimination of the tax as recommended to take place beginning in 1970.

"Nonetheless, the telephone industry, which has opposed this 'temporary luxury tax' as a discriminatory tax because telephone service, in our opinion, has become a necessity and in no way can be classified as a luxury, feels its efforts have been successful. Further, these efforts on the local level by California Water & Telephone, as a member of the Independent segment of the industry, exemplify its manifested dedication to operating in the public interest and for the good of the community," Schuil concluded.

Taxpayers To Assert

mittee chairman, said an increase of more than $12 million in county salaries, including raises "even above those recommended by the chief administrative officer," had provoked a storm of taxpayer reaction.

"Taxpayers are going to get hit with another raise in November," Jordan said. "They will be angry, but by then it will be too late to protest. Now is the time to speak up."

Past budget hearings have been quiet affairs, with four or five speakers appearing in a nearly empty room. Last year's audience consisted of about 50 people in a hall seating 800.

"This year it will be different," Jordan said in urging a large public turn out for both Thursday and Friday sessions. "Everyone is organized but the taxpayers. Everyone is getting something extra from the government except the taxpayers. If the taxpayers do not have the gumption to organize and defend themselves, they deserve to be taxed out of their homes and small businesses."

Thursday's speaking time is solidly booked, but persons wishing to be heard on Friday or Monday should write to Gordon T. Nesvig, clerk of the Board of Supervisors, Hall of Administration, Los Angeles.

News from Your . . .
COMMUNITY HOSPITAL
. . . Sierra Madre

Frank Diemer, 12 year old son of Mr. and Mrs. William Diemer of 101 Vista Circle, Sierra Madre, was hospitalized during the past week following an injury which resulted in a fractured left leg.

Mrs. Harold Snyder of 2000 N. Santa Anita Dr., Sierra Madre, who had spent several days during the past week as a medical patient at Sierra Madre Community Hospital returned to her home Saturday morning.

Friday afternoon Leslie Webster who is a resident of Sierra Madre at 344 N. Lima St., was admitted as a medical patient to Sierra Madre Community Hospital.

Mr. and Mrs. Michael McGraw of 8124 San Antonio St., South Gate, are announcing the birth of their son, Steven Patrick, who was delivered Monday, May 31, at Sierra Madre Community Hospital. His weight was a conventional 7 pounds 12½ ounces at birth.

It was a joyful family affair welcoming the arrival of little Wendy Ann Salazar when she made her debut at Sierra Madre Community Hospital last Friday, June 4, weighing 8 pounds 1 ounce. Her parents are Mr. and Mrs. Nicolas Salazar 29 Suffolk St., Sierra Madre. Other Sierra Madreans, of family ties, proudly claiming a share in the happy occasion were Mr. and Mrs. Robert Gurule of 45 W. Highland and Mr. and Mrs. Frank MacNeil of 265 Ramona St.

Happily announcing the birth of their first child, a son, are Mr. and Mrs. Daniel Albert Guerrero of 434 Avacado St., Pasadena. He was delivered at Sierra Madre Community Hospital Friday, June 4, with a healthy weight of 8 pounds 13½ ounces. The little fellow will be Christened Daniel Albert Jr.

Mt. Wilson Story

The primary reason for rebuilding the trail was for the senior citizens and old timers of our town, that they might once again view in safety the lovely scenes of their youth. It is a gift from the volunteer workers to the people of Sierra Madre.

SPORTS AS Hank Ives SEES IT

DON STUART'S Indians not only won their first game of the season last week but ended an eight game winning streak by the Red Sox, 10-4. The Sox are still far out in front with a 9-1 record. The Yanks trail 5-4, Dodgers 4-4-1, Braves 4-5, Orioles 4-6 and Injuns 1-7-1.

Other scores: Braves 8, Orioles 7; Yankees 12, Dodgers 3; Orioles 5, Indians 2; Red Sox 3, Yankees 2 in 8 innings.

IN THE MINORS the Stars grabbed two wins to go out in front with an 8-2 record. The Padres have pulled into second place 6-3, the Angels 5-4, Seals and Mounties 3-6 and the Colts 2-6.

Last week's scores: Mounties 11, Seals 9; Padres 14, Angels 8; Padres 19, Mounties 17; Stars 4, Colts 0; Colts 15, Angels 14; Stars 10, Seals 9.

DOWN ON THE FARM: The Tigers lead 6-1, Mets are 2-4 and Pirates 2-5. Last week's scores: Tigers 17, Mets 2 and Tigers 18, Pirates 5.

IN BABE RUTH LEAGUE ACTION: The Cardinals are out in front 3-1; Senators and White Sox at 2-2 and Giants 1-3. Last week's tallies found the Cardinals downing the White Sox 27-1 (that's a hard one to believe), Giants 12, Senators 5, Cardinals 11, Giants 4, and Senators 6, White Sox 5.

CONGRATS TO ART DITTBERNER who has been named to replace Gladiss Edwards as principal at Pasadena High School. Art did some baseball and football coaching at Pasadena High School and certainly had the blessing of many local athletes.

GIVE WALTER ALSTON credit for keeping the injury riddled and often powerless Dodgers in first place. It will take some dedicated work on the part of the pitching staff plus some fancy footwork by Wills and Company to stay up there.

THE ANGELS are waiting patiently for the return to hitting form by Jim Fregosi and Willie Smith. Marcelino Lopez and Bob Lee have held the hurling staff together and Cardenal has been brilliant. By the way, this Lopez is quite an athlete. He hits, is a cat on the field and runs the bases. Say thanks to the Phillies, Rig.

LEE WALLS, former Pasadenan, is living high on the hog while playing the Hankyu Braves in Kobe, Japan. His address is 42 Umagatsni, Oka Moto Moto Yama Cho, Higashimaka-Ku. How about that.

JOE BAZE AND DON ROSS are leading the Hollypark jockey race. What do you suppose the odds would have been? Could be the absence of such highly touted regulars as Mannie Ycaza, Milo Valenzuela and Ray York helps. Still, Betcha nickel that Willie Shoemaker is on top when the season ends.

THERE ARE THOSE who think Bill Hartack is a vastly overated jockey. Actually he's such a mean little bugger that many owners and trainers won't have anything to do with him. I like the riding skills of Ken Church and Dean Hall and you usually get a price.

GROUPS which have seen the "Ram Highlights of 1964" film are lavish in their praise of the color movie, which is by far the best turned out by the Los Angeles pigskin pros.

ALL 14 CBS ANALYSTS for the NFL TVcasts next fall are former pro players except ex-Navy mentor Wayne Hardin. Fans can expect to be experted to death.

A NEW GOLF BALL has hit the market. This is one supposedly impossible to mark. Wait till Art Welsh takes a few cracks at it.

REPEATED QUESTION . . When will the major leagues "wise-up" and go for interleague play?

SIGN ON ANAHEIM REFUSE truck: "Angels here next year."

ANOTHER REPEATED QUESTION . . . "When will the AFL and NFL get together for a playoff game?"

WHEN WILL WASHINGTON win the pennant? I mean it hasn't happened since 1933.

MEMO: To Miss Liptingle: Remind me to check the Ram exhibition slate to see if the Angelenos play in Portland. They love Harland Svare there. Especially since he yanked Terry Baker out of last year's practice tilt with Dallas. And oh yes, don't forget to fill the inkwell.

Sign Up Time For Pop Warner

Boys interested in playing Pop Warner Football this coming season must sign up this Saturday, June 12 or next Saturday, June 19 at Victory Park.

Pasadena fields teams in three divisions and eligibility is: Pee Wee, born 1953-54-55 between 65 to 90 pounds; Midget: Born 1952-53-54 between 85 to 110 pounds; Jr. Bantam: Born 1951-52-53 between 95 to 125 pounds.

Representatives and coaches will be available from 10 a.m. to 3 p.m. The Pasadena teams compete against other teams in the San Gabriel Valley Conference. All Sierra Madre boys are eligible for the Pasadena teams.

Kiwanians Geared For Breakfast

The Kiwanis annual Pancake Breakfast to be held this Saturday at Memorial Park is in full swing with the food ready, pancake griddles hot and ticket sales going over the amount given to each members, according to chairman George W. Lindsay.

All members are hoping the sun will shine on this breakfast celebrating the Golden Anniversary of Kiwanis International. Free Golden Anniversary balloons will be given to all kids and adults.

At their Tuesday meeting Henry Nelson introduced Ken Gordon of Gorden Pest Control Service who showed an instructive and entertaining film "Termites and Dry Rot" that was made in England.

Jim Wolfe of the Education and Fellowship committee inducted new member Dan Monahan, assistant manager of the First Western Bank of Sierra Madre. Dan was sponsored by Dr. David Kirkpatrick and Postmaster Charles Louk.

Dear Editor:

If the Legislature passed the innocuous authorization for Los Angeles to vote on rapid transit, it would trigger the imposition of a tax by the County Supervisors to subsidize the old MTA buses — and this is not the stated purpose.

IT'S NEW!
Does two lawn jobs at once
Scotts
Now, thanks to the scientists of Scotts Research, we can offer an amazing new product — DICHONDRA FERTILIZER *with cutworm and lawnmoth control.* Makes caring for a dichondra lawn a lot easier.
1. Gets rid of insects
One application wipes out repulsive cutworms and lawnmoths. Protection lasts for two full months.
2. Feeds your lawn
At the same time, your dichondra gets a full summer feeding — the slow steady kind that makes dichondra grow greener and sturdier.
New DICHONDRA FERTILIZER with cutworm and lawnmoth control is easily applied. Treats a 50′ x 50′ lawn in about 15 minutes. Costs only $5.95. Phone for immediate delivery.

Civic Club Announces Its '65-66 Philanthropic Work

As their chief philanthropy for this year, the Sierra Madre Civic Club chose to purchase a portable light for the Volunteer Fire Department which was badly needed according to Fire Chief Charles E. Brown. The club members are happy that the dinner-dance held in February of this year was successful enough to provide this light. The cost of the light was $390.

Sierra Madre Search and Rescue Team will again be recipients of a $100 cash donation to provide necessary supplies for their group.

Civitan (Pasadena Retarded Children's Foundation at 2116 E. Villa St.) is the third chosen philanthropy for this club year. They will receive $40 in cash as well as usable rummage collected by the members of Civic Club which will be added to Civitan's weekly rummage sale.

Certain groups are included yearly in Civic Club's philanthropies, namely, The Toy Loan Center which this year received $190 for emergencies and the start of a building fund; $25 each to two Mariner Scout Troops and $25 to the Sierra Madre Rose Float Association.

Money was also contributed to the following: $10 to the Toy Loan Handicapped Workers toward their Christmas gifts; $5 to an Indian scholarship fund sponsored by the California Federation of Women's Clubs, Verdugo District; $15 to the Birthday Council of Verdugo District which sponsored the music scholarship (this scholarship was won by Civic Club's entrant, Miss Marcia Gagne of Sierra Madre); Christmas toys presented to General Hospital of Los Angeles County; and a $25 contribution to aid the Youth Employment Service — all the above with a membership of 40 busy women headed by Mrs. James R. Vine, president, Mrs. Keith Mankin, ways and means chairman and with the cooperation of local merchants and citizens who support their many activities.

Civic Club is 21 years old this year and became a member of the Federation the same year. New members are always wanted and needed.

Receives A Navy Promotion

Navy Lieutenant Richard F. Daniels, son of Mr. and Mrs. D. H. Daniels of 380 W. Carter Ave., Sierra Madre, Calif., has been promoted to his present rank, while serving with Helicopter Anti-Submarine Squadron 2 at Ream Field Naval Auxiliary Air Station, Imperial Beach, Calif.

Squadrons of this type are usually engaged in anti-submarine warfare; the detection and destruction of enemy submarines.

Letters To The Editor

Dear Editor:

I have read the Tentative R-3, R-P Ordinance dated May 13, 1965, and would like to comment on three provisions. Sec. 9446 Area per dwelling unit: The land area per dwelling unit is increased from 1500 to 1800 square feet.

Sec. 9450 Parking requirements: Calls for two parking spaces per unit, one of which must be covered. In addition, one guest parking space is required for each five units.

Sec. 9455 Floor area: Units must be 850 square feet each, 25 per cent may be not less than 600 square feet.

I am a real estate appraiser, and in the course of business have occasion to inspect and evaluate in excess of one hundred million dollars of property each year. A large portion of these properties consist of multiple dwellings, and the area covered includes most of Southern California. I am sure others engaged in this business will agree on the following facts.

1. The vast majority of apartments in our part of the country are subject to a restriction of 1500 square feet per unit, land area, or less. To require more lot footage per unit is merely an arbitrary restriction having nothing to do with the proper design or development of acceptable units.

2. The vast majority of cities in Southern California do not require two for one parking. A great many require less than one space per unit; most require one space per unit, a few require one and one-half per unit, and a very few require two parking spaces per unit. Regardless of what the particular requirement may be, the great majority of apartment house owners contacted in all areas report that one and one-half spaces per unit, including guest parking, is entirely adequate, if not overly generous. It is one thing to insist on two plus spaces, with entirely good intentions, but the renting public just does not fill all of these spaces. There is nothing more unsightly than parking areas, used or not, and one questions the advisability of an arbitrary standard which again has no relationship to the market demand.

3. A minimum apartment floor area of 850 sq. ft. (with the 600 sq. ft. exception for 25 per cent of the units) again is not found in the overwhelming majority of apartments. I am referring, of course, to successful apartments only. Our figures indicate that after eliminating dingbat bare minimum living units at one end, and Beverly Hills type luxury apartments, the apartment sizes in virtually every community run as follows:

Bachelor apartments—350 to 550 sq. ft. Typical—425 to 450.

One bedrooms—450 to 650 sq. ft. Typical—525 to 550.

Two bedrooms—650 to 850 sq. ft. Typical—725 to 750.

Three bedrooms—850 to 1200 sq. ft. Typical—varied.

Every person has his own ideas as to the type and size of apartment he would want, personally, and presumably wants every one else to live in a similar unit. This is human nature. There are, of course, exceptions to the above figures, but facts are facts. Successful, well occupied, handsome and competing apartment houses operating within the framework of the give and take of our free enterprise system, and offering rentals attractive in price to every one, must be the goal of the finally adopted ordinance.

There is, and will be, a need here for units of all types. We now have units of all types. Some are exceptionally nice, most are quite attractive, a few are fairly minimum. None of the newer apartments, in my opinion, are eyesores which detract from our community, the statements of one or two on the Planning Commission notwithstanding. In short, the multiple dwellings which have been built under the present ordinance are those demanded by the market place. You cannot legislate esthetics any more than you can legislate brotherly love or happiness. I have seen photographs and specifications of apartments in Moscow, all built to government requirements without regard for the desires of the occupants. They are, without exception, miserable housing.

Arbitrary, discriminatory and confiscatory regulations imposed upon the American free enterprise system — the law of supply and demand, can only work irreparable harm to our town. Either units will no longer be built, as needed, or even more likely, they will be built solely with an eye to footage at the sacrifice of design and quality. This is the certain result of some of the provisions in the tentative ordinance if the apartments are to be priced so they will rent.

I would strongly urge the City Council, in its review of the tentative ordinance, to keep this in mind.

—S. R. BROCK

DELINQUENT TAX LIST
IN AND FOR THE
COUNTY OF LOS ANGELES
STATE OF CALIFORNIA

NOTICE

Pursuant to Sections 3391 through 3395, Revenue and Taxation Code, the delinquent tax list and the Addenda thereto in and for the County of Los Angeles, State of California, has been divided and distributed to various newspapers of general circulation published in said county, for publication of a portion thereof in each of said newspapers.

Notice is hereby given that unless the total amount due for taxes, assessments and other charges levied in the year 1964 for the fiscal year 1964-1965 on any property, shown on the list below in dollars and cents opposite the description of the property, is paid before 5 o'clock P.M., June 30, 1965, the real property on which such amounts are a lien (except real property previously sold to the State and not redeemed), will by operation of law be sold to the State of California at such time in the office of the Tax Collector at 225 North Hill Street, Los Angeles, California 90012.

Attention is hereby directed to the Addenda to this published delinquent list. Property listed in this Addenda and heretofore sold to the State, will, on the 1st day of July, 1965, at 8 o'clock A.M., in the office of the Tax Collector at 225 North Hill Street, Los Angeles, California 90012, be deeded to the State unless sooner redeemed or deeding is postponed as provided by law.

Notice is further given that the "Name" which follows each parcel number refers to the name of the assessee. Where no name appears, the name is the same as that of the last listed assessee above shown.

Dated this 1st day of June, 1965.

HAROLD J. OSTLY,
Tax Collector of the
County of Los Angeles.

Letters to the Editor

Dear Editor:

I would like to take this opportunity to express my appreciation for your editorials, not so much for the fact that they are, or are not in agreement with my own philosophy; but rather it seems to me that the motivation here is to tell people what they need to know, not what they want to know, or wish to believe.

You are welcome to visit my latest one-man show of oil paintings at Security First National Bank, Arcadia (Duarte Road at Baldwin). This exhibition is now on, and will continue through the end of July.

I am known as a landscape artist and have given many one-man shows as well as demonstrations. Desert, forest, river, mountain, and sea, are represented.

Interested persons may telephone me or speak to Mrs. Cummerly at the bank.

I am beginning my summer art class schedule on July 6. I tutor small groups at 1579 E. Colorado Blvd., in Pasadena.

—PAUL FAIRBANKS

Dear Editor:

Have just read your column, in the last edition, and it struck me how much you have learned in the three (more or less) years you have been our editor.

My first thoughts were — Poor man, coming from an eastern big city and trying to run a small town weekly. He'll lose his life savings, and his shirt along with it.

I am not a native of S.M. but am a native of So. Calif., came to S.M. spring 1937. Population 2500 (approx.)

At that time we were a compact business section, ranging one block from P.E. Depot north and west.

To mention some — Henry Beamer, coffee shop; Lloyd Welsh, hardware; Bill Deutsch, pool hall; P. R. Penn, Safeway; Woodson Jones, real estate; Solury's, grocery; Langley, barber; Bank of Sierra Madre, S.M. Hardware Inc.

I have talked with you, but you wouldn't know me from Adam.

I like you, especially your candid, straight forwardness, and your increasing local news. Hope you stay with us.

Sorry, almost forgot the most important of all — Larry Gosline, Editor, Sierra Madre News.

I agree, a daily has a slim prospect, but who are we to say?

Time will tell.

—RICHARRD R. PATTERSON

Crib Crop

The Rev. and Mrs. Mark C. Trotter of 659 W. Sierra Madre Blvd. proudly announced the birth of their third child on May 12. Born at Huntington Memorial Hospital, little Philip Crawford weighed 8 pounds, 5½ ounces when he arrived.

Mighty happy to have a little brother are 4-year-old Martha and John, 3 years old. The pleased grandparents are Mrs. Fred Trotter of Pasadena, and Mr. and Mrs. Walter Coultes of La Crescenta.

Winner

Andy Krol of 111 E. Bonita, Sierra Madre, was a prize winner on KHJ-TV's program, "The Pancake Man," heard weekdays at 8 a.m. Youngsters win prizes daily on the show, with a bicycle given away every Friday as the grand prize.

LIONS CLUB

At the regular business meeting Lions voted to extend $100 in support of the Foundation of the Junior Blind summer camp. The camp, which is active all summer, is a place where 475 sightless youngsters, age 6 to 21, will each spend two weeks in the open air, with an opportunity to learn the wonders of nature, to develop their skills, strength and agility. They swim, fish, hike, ride horseback (older children learn to saddle and care for their horses as well as to ride), baseball and archery (played by sound rather than sight), nature study, crafts, singing, outdoor cooking and numerous other activities. It is truly a worthwhile endeavor. Funds from the Sierra Madre Club are provided through the White Cane treasury.

The Sierra Madre Lions were represented by four members at the community meeting Wednesday, June 2, where plans are progressing on the proposed Fourth of July celebration in our city. As of now the Lions have accepted responsibility of the parade portion of the many fine events which are planned to encourage spending a safe Fourth of July in Sierra Madre.

Delegates to the District 4-L2 Convention in Palm Springs spent a warm and eventful weekend May 27, 28 and 29. W. Stern, an attorney and businessman from Bellflower was elected District Governor for the year 1965-66. Business sessions provided Lions with a chance to review the past year's accomplishments and to plan District sponsored events for the coming year.

Rabies Clinic To Be Held Thurs., June 10

A rabies clinic will be offered for your convenience tonight, June 10, at the Sierra Madre Elementary School parking lot form 7 p.m. tto 8:30 p.m. The minimum price of $1.50 per shot is made possible through the donated services of a veterinarian and staff. Sierra Madre dog licenses also will be available. This project is co-sponsored by the Sierra Madre PTA, Southern California Veterinarian Association and Pasadena Humane Society. Be sure to take advantage of this opportunity tonight.

New Books At Local Library

Grass, Gunter. Dog Years —the author's first major novel, translated from the German.

Knegel, Fletcher. Night of Camp David — a dramatic story of Washington politics.

McCarthy, Joe. Fred Allen's Letters.

Rogers, Garet. Oath of Dishonor — clashing ethical standards in medicine and the law are interwoven in this novel.

Read, Miss. Over the Gate —another story of the English village school teacher.

Wilder, Robert. Fruit of the Poppy—a realistic story of the men of the U.S. Federal Bureau of Narcotics.

Records, Gifts and Memorials From the Friends

Goodman, Benny. Trio-Quartet-Quintet.

Jackson, Mahlia. Greatest hits.

Grieg. Piano concerto and Peer Gynt.

Gershwin. Gershwin was great.

Baez, Joan. Songs.

The Dillards. Live.

Trapp Family Singers. An evening of folk songs.

There's the story of the commercial airliner running into extremely turbulent weather as it cross over the rockies. After a seemingly long period of buffeting in almost hopeless headwinds the cockpit door opens and the pilot comes through stropping on a parachute. He raises his hands and says: "Now don't anybody panic I'm going for help."

An APOTHECARY Rx Weighs & Measures

PROFESSIONALISM —

My, what a big word! It's a most useful for the average person and a great big word for the healing arts personnel and the following excerpts from the Squibb Review are really illuminating and thought-provoking for both you and me. (These are from some ideas furnished by a senior class in Pharmacy and we subscribe to them wholeheartedly).

"Professionalism is the dignified conduct of one's affairs, and it is not impossible. It is the conveyance of an attitude of assurance to the patient in whatever state of mind that patient may be. It is the small things, the clean sore, the fresh white jacket, the calm self-assured manner, modern equipment, information on new developments in medicines, the ability to explain pricing and costs in a reasonable, confident manner which sets the professional man apart from the non-professional. Professionalism is putting other's needs before your own, that is service to your fellow men."

Such thoughtful discussions as this by our younger generation of Pharmacists is a very healthy sign and it certainly puts we practitioners on our mete! We at Hartmans accept the challenge and will endeavor to play our part in the healing arts with true dignity and devotion.

Fair Housing To Meet Wed., June 9

The Sierra Madre Committee for Fair Housing will hold a general discussion meeting on Wednesday, June 9 at 8 p.m. in the Sierra Madre Memorial Park House. All interested persons are invited to attend and to take part in exchanging viewpoints concerning just and equitable housing for all; regardless of race, religion, or country of national origin.

It is hoped that greater communication and understanding of the impact of an integrated society upon phases of business, home life, and our schools will be furthered by this exchange.

The meeting will be chaired by Jean Astrin, president, who will introduce the program for the evening.

Supervisor Bonelli Agrees —

Double Deck Freeways Seen As Possible Solution

Supervisor Frank G. Bonelli, a long-time advocate of double decking the Los Angeles County freeways, recently hailed the statement of Robert B. Bradford, chairman of the State Highway Commission and J. C. Womack, State Highway Engineer, as confirmation that such two level freeways will expedite traffic along the crowded freeways.

Bonelli said he has long believed in the feasibility of double-decking the main freeway corridors in Los Angeles County, making the upper level a toll road freeway-expressway with the toll revenue therefrom being pledged to retire revenue bonds used to finance the double decking. Thus, the tab for such upper-level construction cost would be borne entirely by those vehicles, autos, trucks and buses using the toll expressway, Bonelli pointed out.

"Such double-decked toll roads, along with auto, truck, and bus smog control devices that soon will become a reality, could lessen, in all probability, the complete dependency on a costly gamble on a mass medium of rapid transit with questionable acceptance and success," Bonelli emphasized. The Bradford-Womack report points out that to double-deck freeways in the Los Angeles County would require no new rights of way, thus requiring no costly additional land acquisition or the removal of considerable assessed valuation from assessment roll of the County, the Supervisor said. In addition, by using prestressed concrete and steel and through pre-fabrication construction double decking will proceed with little or no disruption or impairment of lower level traffic flow.

"With our County's economy so greatly dependent upon and geared to the automobile as the basic source of transportation it indeed becomes highly questionable whether any measureable number of motorists will leave their cars and get off our freeways to ride any rapid transit system," Bonelli declared. "This makes any alternate solution, such as the double-decking of freeways, worthy of serious objective evaluation and consideration before we proceed beyond the point of no return on a system of rapid transit."

The two top California highway officials told a Los Angeles newsman on Thursday that they probably will double-deck freeways in the Los Angeles area at maximum congestion spots, Bonelli said.

Vacation

Mr. and Mrs. Roy Narry, 32 Esplanade with son Stephen were recent visitors at Capistrano Beach Club, Capistrano Beach. They have live music Thursday, Friday, Saturday and Sunday and a lovely heated and filtered pool. The food is very good. Dresses are required for ladies and jackets and tie for gentlemen except for Sunday which is informal.

Children should be seen and not hurt. Defensive driving will always pay

Friday, June 17, marks the opening of the third season of Sierra Madre's concerts in the park. Under the baton of Roger Gray, the Sierra Madre Community Band will present a varied program beginning at 8 p.m. Most of the 40 musicians have been with with the band since its introduction by the Sierra Madre Recreation Commission.

A total of 623 Sierra Madre residents went to the polls last Friday to vote for two members of the five-man Pasadena School Board.

Two of the highest honors that can be given a high school student in the Pasadena school system have been awarded June Adele Lange, daughter of Mr. and Mrs. Harry A. Lange of 529 W. Laurel Ave. The Kiwanis Award, which she won at Muir, is given to but one boy and one girl at that school and is based on the judging of the student's qualities in citizenship, scholarship, sportsmanship, general training, health and activities. Miss Lange, a native Sierra Madrean who will celebrate her 18th birthday June 29th, also was one of 16 students, each representing his home area, who received the Order of Distinguished Service, the highest award that Muir gives. Miss Lange will graduate from Muir in the June 16th ceremonies at the Rose Bowl.

One of the finest pieces of property in the city has been given to the people of Sierra Madre for a new library site. The gift, a parcel 160 feet on Sierra Madre Blvd., facing the City Park, was given by the Tarr Land Company of Los Angeles. The land is almost the geographical center of the city and will lend to a building of beauty and permanence.

Signaling the best business conditions in Sierra Madre since the now historic stock market crash era, building permits for the month of May here went up to the highest level since May of 1928.

Despite the recent Sierra Madre Canyon property owners' "tax strike," which has resulted in a 38.8 per cent tax delinquency in that district, the average delinquency for the entire city amounts to but 14.6 per cent. This figure is considerably lower than Arcadia's 31 per cent delinquency, and is slightly better than the Monrovia standing of 14.77 per cent.

Eighteen men started work on the new Sierra Madre firebreak which will protect Sierra Madre Canyon Park and Sierra Madre watershed from fire during the summer months. The men are being paid by Sierra Madre businessmen and are under the direction of Fire Agent A. M. Udell. Some time ago the merchant bureau of the Chamber of Commerce agreed to build the firebreak, it being believed that it would be cheaper in the long run to build the break than to suffer the loss of business as the consequences of a mountain fire.

YWCA Sets Summer Classes

Registrations are in progress for teenagers' classes starting June 21. Mrs. Shirley Amdrade will instruct a charm class Mondays, 4 to 6 p.m.; a babysitting class on Wednesdays, 4 to 5 p.m. for 13 to 18 year old girls; a Hawaiian dance class, by Jo Farrar, on Wednesdays, 1:30 to 2:30 p.m.; folk music-guitar, by Juliana Safford, on Tuesdays — beginners, 7 p.m. and intermediate, 8 p.m.; knitting classes, by Jane Powell, Mondays, 2 to 4 p.m., and a four weeks course on weaponless self-defense for teenage girls.

For adults will be offered intermediate ballroom dance classes by Ruth Hall on Wednesdays at 7:30 p.m.; graphoanalysis, by Pauline I. McAuliffe, Wednesdays, 10 a.m. to noon and 7 to 9 p.m.; Hawaiian dance, by Grace Musgrave, Mondays, 6 to 7 p.m. for beginners, and 7 to 8 p.m. for intermediates; Yoga, Thursdays, at 10 a.m. and 7 p.m., and physical fitness classes Monday and Thursday evenings, 8 p.m., and Tuesday mornings at 9:30 a.m.

Swimming classes will be available, at all levels of ability and learning, for pre-scholers, teenagers and adults. Get in touch with the YWCA, 78 N. Marengo Ave., for these activities.

At the YWCA's Foothill Center, 5926 N. Rowland, Temple City, accelerated classes in swimming will be given for children, starting at vacation time. Enrollment is being taken now. Get in touch with Mrs. Evelyn Graves, center director.

Registration for a special summer program for girls, third to seventh grade, or eight to 12 years old, are now in progress. This summer fun will be held on Tuesdays, Wednesdays and Thursdays, 8:30 a.m. to 3:30 p.m. and will offer swimming instruction, dancing, creative arts and crafts, cooking, sewing, drama and exploratory trips. For further information, contact Miss Kendall Ridgway at 78 N. Marengo Ave.

Joseph Stockett Serving Aboard USS Oriskany

Airman Apprentice Joseph C. Stockett, USN, son of Mr. and Mrs. J. P. Stockett of 247 Santa Anita St., Sierra Madre, Calif., is serving aboard the attack aircraft carrier USS Oriskany, currently deployed on her seventh Western Pacific cruise with the U.S. Seventh Fleet. She will be deployed approximately seven months.

The newest of the post-war "Essex" class carriers, she is capable of handling over 70 aircraft on her 890-foot flight deck.

Oriskany is also equipped with the Naval Tactical Data System, the latest in computerized radar.

Four Sierra Madres

In these days when it is common place to speak in the figures over one million and our national budget is running in the billions; exploration to distant planets spoken of in terms of millions of miles; it is hard to come down to the mere thousands and to put these figures in their proper perspective.

It is necessary to make comparisons to the smaller units about us in order that we might truly appreciate the relative enormity of a figure such as 47 thousands.

This last figure is the number of persons employed by the County of Los Angeles in its many facets of government. According to recent newspaper reports just a percentage of these public servants were slated for a pay raise of slightly over three per cent and the amount of money involved in the pay raise alone hit into the 12 million dollar bracket.

Let's compare this number of employees with something that might have more meaning to us here locally. We could take the total population of Sierra Madre, including every man, woman and child, down to the smallest infant and theoretically place them on the county payroll full time and then multiply this number by four, and still not have enough persons to cover the positions maintained on the pay roll of the county.

In other words the population of Sierra Madre, set recently at just over 11,000, multiplied as if there were four cities the size of Sierra Madre would still leave us about 3,000 employees short.

Of course, Los Angeles County takes in an awful lot of territory but by the same token 47,000 people seems like an excessive number when we read of the ratio of employees to population now, as compared to ten years ago.

With an operation as large as this perhaps it might account for some of the seemingly sloppy fund disbursements that keep cropping up. Like the revelation recently that well over one million dollars has been spent by the county on the Hollywood Museum and yet there is not one tiny brick in place. On this little caper the county was originally supposed to supply just the parking facilities, according to our understanding. This seems like an expensive parking lot for our money.

We can always look at the brighter side of things when we get our tax bills and thank God we aren't getting all of the government we are paying for, even at the county level. Or else we would have few freedoms left to lose to the "Great Society."

National Flag Week

National Flag Week is to be observed from June 13 through 19. This is an important event at any time; it is vitally so today.

The purpose of the Week is formally defined as "The inculcation of the meaning of true Americanism into the minds and hearts of our citizens . . . " And true Americanism has nothing to do with liberalism or conservatism, with one's political or economic beliefs, or with sects and factions of any kind. It lies in devotion to country, and to those eternal principles of freedom upon which it was founded and which are the source of its strength and greatness.

In some circles nowadays, patriotism seems to be regarded with contempt. Highly vocal groups of young people, within and without the colleges, pay lip service to our enemies, overt and covert alike, and violently denounce the efforts of the government to honor our commitments and to halt the forces of slavery. It is generally believed that this is communist inspired. But, whether it is or not, it perfectly serves the ends of communism and of all those who would bring another Dark Age of oppression upon the world.

Let the Flag fly high during its Week — and let all know that the overwhelming majority of Americans, differ as they do on problems and issues, revere it, and revere all that it stands for.

★ ★ ★ ★

Affluence and Poverty

A good many people doubt that the government's war on poverty will produce the hoped-for result. Time will tell as to that. But one thing is sure. It is producing a high degree of affluence for a considerable number of federal jobholders.

This has raised the dander of Senator Simpson of Wyo. He points out that the Office of Economic Opportunity, which is the "poverty office," will have a Director at $30,000 a year; a Deputy Director at $28,500; three assistants at $27,000; nine other assistants at $24,500; eleven more at $21,445; and another twenty at $18,535 each. In his words, "National poverty headquarters plans a staff of 1050 as a starter which makes it appear that the war takes the form of mass Federal employment at sky-high wages." The Senator plans to join with other Senators in an effort to place curbs on the salaries.

Whatever happens to this effort, it is apparent that another elite bureaucracy, whose ultimate size and cost is as yet unknown, is in the process of creation.

In the Great Society, the rewards of being in the underprivileged class are so golden that those of other classes may well decide to join, rather than remain privileged, or among those who must foot the tax bill for all the benefits.

FREEDOM AT ANY PRICE

By H. V. WITTY

Juvenile delinquency is a much discussed subject today, but the real root of the trouble is generally soft peddled.

Where does the blame lie for the delinquency of our young people? It would appear that a lion's share can be divided between the parents and the schools. Both fail to teach and emphasize the importance of honesty and the observance of the rights of others.

One simple basic rule of conduct, if impressed on the children by parents and on the students each day by teachers, from the first grade to graduation from college, would accomplish much in reducing juvenile delinquency. This rule simply stated is: keep your hands off other people and other people's property.

Such a rule of action instilled into the young mind could save misery and heartache for young and old alike. And, it wouldn't take a new law or more taxes to accomplish results!

—☆—

This government of ours is said to be a system of checks and balances. Not too many years ago there was a relief check; then came the allotment check; then the war bonus check; to say nothing of the social security check, the unemployment check, and soon to become commonplace will be the Great Society Check. That takes care of the checks — but where are the balances?

—☆—

What this country really needs is a good five cent nickel!

—☆—

Definition of a dime: a dollar with all the taxes taken out!

Senator George Murphy (R-Calif.) recently stated: "I am appalled to read press reports that responsible government officials have visited the University of California to encourage student agitators to join the Peace Corps.

"Sargent Shriver, director of the Peace Corps, is quoted in news accounts of his visit to the Berkeley campus as telling the Free Speech Movement leaders to 'come join the Peace Corps.'

"In one breath he calls them 'unreasonable men' and in the next he says they're what is needed to represent the United States throughout the world.

"Perhaps the strain of holding down two jobs at once is getting to Mr. Shriver.

"The American people can hardly be expected to support either Mr. Shriver or his Peace Corp if such 'unreasonable' leaders of student riots, violence, obscenity demonstrations, sit-ins and bold refusals to abide by basic college rules are being recruited to travel around the world representing America.

"True, these people have no business embarrassing a great university in the transparent guise of 'free speech' but the solution is certainly not found in Mr. Shriver's almost unbelievable invitation for these agitators to become public relations representatives for the American people.

"I would like Mr. Shriver to explain just what he meant when he told the sit-in leaders: 'Once in every generation, fundament a l s are challenged and the entire fabric of our life is taken apart, seam by seam, and reconstructed. Such a time is now at hand, and it is clear you are unreasonable men . . . and I agree with you.'

"It is embarrassing and surprising to hear that beatniks are being invited to tour the world representing American youth."

Many people consider the things which government does for them to be social progress, but they consider the things government does for others as socialism.

FLOURNOY REPORT

A massive proposal to overhaul the California tax structure is pending before the Legislature in the form of a 238-page document known as the Unruh-Petris Tax Bill (AB 2270).

This bill, which would have a most profound effect on all Californians, has been heralded as relief for our hard-pressed property taxpayers, but in fact merely involves a shift of tax collections from one pocket to another, with a $300 million charge for the service.

Here is the way it would work:

One billion dollars in new tax money would be collected, with $700 million of this returned to school districts, counties and cities for the reduction of property taxes. The extra $300 million collected would be used to pay for increased expenditures by the state.

Who pays the $1 billion?

The Unruh-Petris bill would increase the state sales tax by 1 cent; substantially increase the state personal income tax (by at least 46.7% to 77.5%; increase cigarette and tobacco taxes; place a tax on leases of personal property as well as the occasional sales of autos, aircraft and boats; increase the inheritance and gift tax, and authorize initiation of a local property transfer tax of 1% to 1½%.

While I most certainly commend any attempt to examine the tax structure with an eye to establishing more equitable sources of revenue, I oppose this measure on two grounds:

1. Practically no time has been allowed for study of this complex measure.

2. There has been no demonstration that the state needs another $300 million, and in fact the Governor himself recently announced that the state needs no such amount of money.

In light of the press of time and the lack of financial need, it hardly seems appropriate for the Legislature to be voting one of the highest tax increases in the history of the state, despite its claim of reform.

Veterans To Receive Assistance

The Veterans Administration has reopened the National Service Life Insurance Program for a one year period to veterans with service - connected disabilities and to those veterans so severely disabled by non service-connected conditions that they are unable to obtain insurance from private insurance companies.

Assistance to veterans in completing applications for this insurance is now being offered by the Service to Military Families Department of the Pasadena Red Cross Chapter, of which Sierra Madre is a branch. The Red Cross workers are familiar with the insurance now available and are able to explain the various types offered, as well as give help with the actual application form when needed—all without service charge. The Red Cross personnel are trained to give this service; they also continue to assist veterans in applying for other veteran's benefits.

Veterans wishing information or help with insurance or other Veterans Administration benefits should telephone 799-0841 and ask for the Service to Military Families Department, or if they prefer, they may drop in at the Red Cross Chapter House, 430 Madeline Drive, in Pasadena.

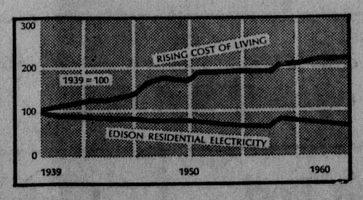
"The Hall is a ball!" is the vernacular verdict of enthusiastic visitors to Edison's unique *Hall of Electricity* at the California Museum of Science and Industry, Exposition Park, Los Angeles.

Here you can press buttons in 44 separate demonstration-exhibits, explore the innermost secrets of electricity—and "graduate" in 40 fascinating minutes!

The Hall is Edison's contribution to community information on the progress being made by the investor-owned electric utility industry in seeking out and developing new sources of low-cost electric power, and new uses for versatile electricity.

You and your family will enjoy a visit to the Hall of Electricity. After your "graduation" you'll be informed and ready for the all-electric future. Why not plan a family visit soon.

One of the *many* wonders of electricity is the fact that it is among today's best buys. Look at the surprising record.



Investor-owned electric companies help keep down cost of electricity

While the cost of fuels (as well as the cost of living) has risen markedly during the past several years, the average cost of a kilowatt-hour of electricity to Edison residential customers is 28% lower than it was in 1939.

The actual record of Edison and other investor-owned business-managed electric utility companies provides positive assurance of abundant, low-cost power for *all* America's needs today, tomorrow and in the *all-electric future.*
